### **1. Summary**

- 1.1 Under guidance published by the Government on “LGPS: Investment Reform Criteria and Guidance” in November 2015 we are required to work towards the pooling of the Fund’s investment assets with other LGPS funds with pooling beginning in April 2018.
- 1.2 For the purposes of pooling SCC has aligned itself with 9 other funds in South West England and is working with those funds to create an FCA regulated investment Company, Brunel Pension Partnership Ltd. (BPP).

### **2. Issues for consideration**

- 2.1 The report is for information only unless the committee deems that action is necessary having reviewed the report.

### **3. Progress in transition of assets to Brunel**

- 3.1 £507.8m of passive assets were transferred from management by the internal team to Brunel (sub-managed by LGIM) in July 2018.
- 3.2 The set-up of the ACS fund and the appointment of fund managers for the UK equity and Low Volatility equity portfolios has been completed. £436.4m of UK equity assets previously managed by Aberdeen Standard Investments moved to Brunel on 21<sup>st</sup> November and this will be reflected in the committee reports for the next meeting.
- 3.3 The Private Markets team is now fully established and has taken some initial commitments from funds. Detailed planning has started around the transfer of property mandates to Brunel’s private markets team
- 3.4 The timetable for transition through 2019 and beyond has been refreshed along with the resources Brunel will need to deliver the timetable.

#### **4. Consultations undertaken**

- 4.1 Both the Pensions Committee and the Pensions Board have been consulted regularly as part of the project process of reaching this point
- 4.2 An overview briefing on the project was provided to the Fund's Employers meeting in September 2016.
- 4.3 The Full Somerset County Council meeting received a paper on the pooling at its meeting on 30<sup>th</sup> November 2016.

#### **5. Financial Implications**

- 5.1 It is anticipated that the Brunel Pensions Partnership will allow the fund to make significant saving over time with the Somerset County Council Pension Fund estimated to make savings of £27.8m in the period to 2036 after costs. A significant portion of the likely costs are front loaded and it is anticipated that the Somerset Fund will breakeven in 2024.
- 5.2 By definition these are forecasts and there are significant risk to their timing and delivery. They are based on a core set of assumptions and actual savings could be significantly greater or smaller over time.

#### **6. Background Papers**

- 6.1 None

**Note** For sight of individual background papers please contact the report author.
