

# Quality and Performance Review - Targeted Youth Support Area: Young Carers (YC)

Manager's Name: Wendy Jenner Date: Jan-March 31st 2018

The Workforce	Casework Practice
What is working well?	What is working well?
What is working wen:	Regular contact with YC.
All YC have a YC assessment and regular contact.	Trogular contact with 1 c.
Respite Activity programme planned for year.	Number of YC assessments completed and
Troopie / tourny programme planned for your	reviewed.
What are we worried about?	
	Continuing work with schools to raise awareness
Resignation of SS worker. Reduction in hours of new	and develop support.
post.	
•	All YC have an In Case of Emergency (ICE) plan
What needs to happen?	Cases are being audited and Case Summaries
Replace the SS worker with 18.5 hour post. This is	completed.
underway.	
	What are we worried about?
	LCS not suitable for recording YC.
	Cases open to CSC do not appear on our reports.
	Milest weeds to begin and
	What needs to happen?
	Transfer of recording to Module on LCS for Young
	Carers.
	Carore.

70% of YC open to the Service attended at least one event or group in 2017 and so far in 2018.

In 2017 we received 126 referrals, so far in 2018 we have received 27 referrals.

Extensive programme of Holiday Activities delivered respite opportunities. Funded by Friends Charity.

Bristol pantomime in January 2018- 70 young people attended

Feb half term 2018 Bowling and Cinema- 65 young people attended.

Local Theatre production March 2018 -17 YC carers went to Strode College to watch High School Musical Theatre

Well Being days planned for Easter 2018. Separate days for Juniors and Seniors, 76 children are expected to come over those 2 days.

We reported to Programme 7 Highlight report: Young Carers caring for a parent due to Mental Health in 2017.

## **Current figures are:**

At least 50 young people are caring for someone with poor mental health issues. Due to the complexities of our families mental health is potentially effecting many more young people but this is not the primary reason they are caring.

#### What are we worried about?

Report to Young Carers Task and Finish Group.

Lack of referrals from other services including schools and GP's. All referrals require a EHA or a parent can self refer by ringing Somerset Direct.

Difficulities in obtaining data from Schools. LA must

Attendance at Friends' meeting planned. Summer Activity Programme funded by Friends of YC Charity.

YC are identified as a priority in Somerset Commitment to Careers and the Children's Plan. Somerset feedback was quoted in Children's Commissioner's report.

Work with Carers' Voice Somerset to deliver a Music Project and consultation event for Young Carers.

YCs have met with Scrutiny Task and Finish Group. Somerset Partnership NHS Foundation Trust guidance on how to identify, refer and provide appropriate support for YC's.

#### What are we worried about?

Lack of transition Assessments for YC. This has been raised as a concern.

Lack of referrals from GP's

Delivery of Scrutiny Action Plan.

Delivery of Care Act, 2014 "Whole-family approach". Strategic support for YC and identification by services in contact with adults

Restrictions in budgets within front line adult health and social care services mean that adults generally have to meet a higher threshold of need to access services. This can mean that YC are left to undertake inappropriate levels of care.

#### What needs to happen?

Write a YC Safeguarding Policy and present to SafeGuarding Board and Children's Trust to ensure that all services are aware of their responsibilities.

A commitment by Children and Adult Services to work together through a Memorandum of Understanding (joint statement on key principles for supporting YCs made by DH & DfE (updated 2015) take "reasonable steps" to identify YC. Schools across Somerset have been encouraged to add a question to their data collection sheets asking if a child has caring responsibilities. We are unable to collect this data centrally

Transport costs for YC groups are high. Many young carers live in very rural areas and parent do not drive.

### What needs to happen?

Write a SafeGuarding Policy For Young Carers and present at Children's Trust and Safeguarding Board.

To ensure sign up to a "Whole Family Approach" by establishing our collective ambition for these young people.

Reviewing the data on YC. Move to Early Help Module. We currently record on LCS and keep spread sheets.

Working with Public Health to deliver a training event on YC for senior leaders of schools to attend. This will be whole day event with up to 100 places for delegates across Somerset schools. This event will take place in June 2018 and will include YC delivering some of the training..

Need to overcome the barriers to delivering our statutory requirement under the Care Act 2014 and C&F Act 2014 for the LA and the Schools to identify and support Young carers. This is proving difficult . Peter Grogan & Malcom Riches are supporting this but there are blocks from within the LA.
