An Introduction to Somerset's Children & Young People's Plan 2019-2022

Our vision:

Happy, Healthy And Preparing For Adulthood

Our vision has been strongly shaped by young people themselves. We asked them about their hopes for the future and how they can be supported to thrive in Somerset. They told us that they want to grow up in loving families and caring communities with well supported and supportive parents, families, friends, schools and the wider community

We therefore want every child and young person in Somerset to have:

A Happy Family Life - strong families and vibrant communities

A Healthy Start To Life - safe and healthy lifestyles

A Great Education - high aspirations, opportunities and achievements

Positive Activities - things to do, and places to go to

These outcomes are interwoven: education, family life; positive activities and health can be addressed through synergy and collaboration. Our young people also reminded us to think of their safety and security, the accessibility of services and how to support the more vulnerable because of individual, environmental, social or economic factors. By recognising the crucial interaction between these outcomes, we will work together to improve outcomes for all children and young people. We will do this through actions in these four priority areas owned by the boards and groups of the Somerset Children's Trust - this CYPP will be the benchmark against which the Partnership's effectiveness and progress will be measured and against which the risk to achieving the aim of the CYPP will be managed.

“Our Priorities for 2019-22; Help us to look after our health; achieve at school and prepare us for adulthood; support our parents - as well as us and help us to take part in positive things to do. We told you that we need better access to fair and young people friendly health services and affordable activities that improve our health and well-being. English and maths are essential but equip us with useful training and social skills too. Schools and colleges should be safe places for everyone, they should help us with work experience as well as exams”

Growing Up In Somerset

Worried About

77% say they worry 'quite a lot' or 'a lot'

36% Tests and Exams

5% do not get enough sleep

32% Family Problems

22% Health
