## 1. Background

- 1.1.** The HWB Strategy for Somerset was adopted in 2013, setting out a shared vision for health and wellbeing across the County. The Strategy sets out three priority themes identified as being the most important things that would improve health locally.
- Six priority workstreams currently exist, through which delivery of the strategy will be enabled. These priority workstreams are set out in in the HWB Board Plan on a Page 2018-19, the Plan on a Page was agreed at HWB Board on 24<sup>th</sup> May 2018, since then it has been developed further. The amended Plan on a Page is available at Appendix A.
- The workstreams are:

- Each priority workstream has a designated Lead Manager(s).
- The HWB Board is asked to note the updated Plan on a Page.

The metrics include numeric measures and supporting project and programme progress milestones. In addition, appropriate national data sets including The Public Health Outcomes Framework and National Health Outcomes Framework have been reviewed to identify indicators that are relevant to the workstream.
