#### 1. Background

- 1.1 In February 2014 the shared service began in earnest when staff moved into one main office, using one database with staff learning new skills and many took on new roles.
- 1.2 The LGPS changed on 1 April 2014 and brought with it its own challenges, not helped with the late regulation changes which impacted on the development of the pension database.
- 1.3 Our main service standard is to complete 90% of work within 10 working days once all necessary information has been received. This is monitored every month through our task management system which is an in-house performance tool within our pension database.
- 1.4 We also participate in the CIPFA Benchmarking Club which provides a yearly comparison of performance with other LGPS administration services.

  Approximately 50 LGPS Funds take part each year.

#### 2. Issues for consideration

2.1 The Board note the report and actions being undertaken by officers to ensure compliance and best practice.

#### 3. Administration team performance

- 3.1 As a whole the Team for 2016/17 issued 76% of work within target. For this financial year to date the team has issued 65% in target. The backlog of outstanding work has decreased by 10% since April 2017.
- 3.2 Performance for the Somerset fund has followed a similar trend with percentage in target reducing from 73% (April 16 January 17) to 66% since February. The outstanding backlog has reduced over the same period by approximately 29%.

### 4. CIPFA Benchmarking

- 4.1 Data is collected annually in various areas including membership analysis, Employer analysis, quotations and charges, costs and administration performance.
- 4.2 This enables informed comparisons to be made of the net cost per member, payroll cost per pensioner, number of members per admin FTE and also highlights differences of approach.
- 4.3 In December 2016 we received the draft report for 2015/16 year.

  The key performance indicator that we obtain from this report is the cost per member. This year it has come out at £16.37 compared to the average of £18.55. We are currently waiting for the 2016/17 report.
- 4.4 Our CIPFA performance results for 2016/17 have much improved compared to 2015/16 as the table below shows.

Process	Target	Our achievement 2015/16	Our achievement 2016/17
Transfer in	10 days	76.0%	93.4%
Transfer out	10 days	83.3%	93.4%
Letter notifying <b>actual</b> retirement benefits	5 days	86.4%	98.4%
Letter notifying <b>estimated</b> retirement benefits	10 days	93.0%	93.8%
Letter acknowledging death	5 days	100%	100%
Refunds	5 days	93.2%	97.0%
Letter notifying dependants benefits	5 days	82.0%	95.3%
Deferred	10 days	39.1%	82.4%

### 5. Financial Implications

- 5.1 Additional team resource approved in Autumn 2015 has been extended until 31st March 2018. Three vacancies have arisen in the team since end of May which we have now had approval to fill.
- 5.2 A new Benefits Manager was appointed following the early retirement of the previous post holder. Natalie Taylor joins the team with over 20 years experience with Friends Life where she was a senior manager. New workflow tools have been introduced along with focusing the team's efforts initially on getting all priority work up to date. All outstanding priority work is now within 10 days old.

5.3 The Performance review is underway which is looking at a number of key areas, resource levels and efficiency of processes. This is a very comprehensive review which is being undertaken with the assistance of Business Analysts.

### 6. Background Papers

### 6.1 None

**Note** For sight of individual background papers please contact the report author.
