Corporate Performance Monitoring - Background

The Council adopted the new Council Plan 'Tackling the Challenges' (2016-2021) in April 2016. The plan has five priority areas for investment:

- Economy
- Environment
- Homes
- Health & Communities
- High quality, cost effective services

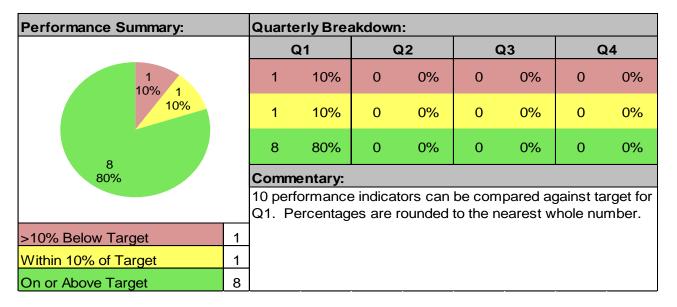

The Council wishes to see the delivery of performance in these areas monitored against annual corporate action plans and a methodology for doing this is being developed within the Council's Transformation Programme.

This report still uses the established framework based on the 20 performance indicators selected and approved by members in 2012. As such, they provide either an indication of the efficiency and effectiveness of SSDC services and/or of any changes in the key trends in South Somerset.
