Dear Resident,

I am writing to you today to inform you, as a neighbour, of some exciting upcoming events at The Great Lyde over the summer, and to give you a bit of an update as to what is going on with the future of the pub.

Firstly, it has been a rocky road for the pub, and me personally, over the last year with the pub being put up for sale by Palmers Brewery, the refusal of planning consent to convert the building to a special needs school, myself suffering a brain haemorrhage and subsequent stroke following a fall, and the very harrowing loss of my gorgeous daughter, Amy, also a much-loved member of staff here at The Great Lyde.

Things are now beginning to take a turn in the right direction, and I have agreed updated terms with Palmers to stay for the interim until the sale of the pub is completed. On that note I am currently in the process of meeting with investors to asses' options to purchase the pub myself, and keep The Great Lyde, as a community hub for many, going well into the future.

Over the past month we have been working on more community-based engagements. Working closely with the WPCA and other charity groups, by holding events and like our Thursday bingo night, Friday over 55's lunch club and live music nights. With many more community-based events in the pipeline.

On top of this we have been planning something big.....THE GREAT LYDE EURO 2024 FOOTBALL FAN ZONE! The Sports Bar will be used as a VIP area for sponsors etc. The Restaurant will be a Family Zone, where only adults accompanied by small children will be admitted. The remainder of the event will be outside, as explained below.

This event will mean that the pub will be fenced off and only open to ticket holders during England games. This allows us to keep control of numbers, noise levels and behaviour. The pub will still be open to the General public, as usual, at all other times. As you can understand with an expected substantial number of people on site, live music, food stalls and a big screen showing the games, this will bring some minor noise disruption to the area. During every event, we will do our utmost to keep the sound/noise pollution levels to a minimum and all outdoor events will be finished and closed no later than 11pm. All games are either 5pm or 8pm kick-off. So full time for each game will be before either 8pm or 10pm, unless during the knock-out stages, where potential extra time and penalties could add an additional hour. Live music will be before games, so outside events will terminate before 11pm at the latest.

During every event we will have a team of onsite security, additional CCTV, radio link directly to the Police, and Stewards to ensure we keep the event as safe, incident free and to minimise any disruption to our neighbours and local residents as much as is possible.

We apologise in advance if any of you are affected by the event. But it will be as massive asset to a wide part of the local community, and Yeovil as a whole, to have an event like this available to them.

Attached you will find a detailed calendar of all upcoming outdoor events with dates and times.

thank you for your understanding.

Mike, Landlord of The Great Lyde
