1. Summary

- 1.1 In response to CIPFA guidance recommending the adoption and monitoring of a risk register for LGPS funds the Pensions Committee have requested that a review of the risk register is a standing item on the agenda for each meeting.

2. Issues for consideration

- 2.1 To monitor the risks contained on the risk register and approve any amendments.
- 2.2 It is suggested that a more thorough review of the risk register should be undertaken by Committee with the help of the Pension Board with a full review of the risks currently on the register and consideration of risks which are not currently covered. This has been added to the workplan for the end of 2020.

3. Changes since last meeting

- 3.1 At the September 2020 Committee meeting there was a discussion regarding the intrinsic incompatibility of target scores with no mitigation to facilitate moving to that score. Officers have considered this and adjusted the target scores for PF5 and PF6 to reflect this reality. It is anticipated the Risk register will be reviewed in full at a informal Committee meeting in January and it is anticipated more changes will result from this.
- 3.2 There have been no further changes to the risk register.

4. Background

- 4.1 Risk management is central to the management of the Pension Fund as reflected by the coverage of risk in key documents such as the Funding Strategy Statement and the Statement of Investment Principals. The risk register allows for consideration of all of the fund's risks in a single document.
- 4.2 Guidance issued by CIPFA on the application of the Myner's Principles in the LGPS in 2010 indicated that the creation and adoption by Pensions Committees of a risk register was best practice.
- 4.3 Following on from CIPFA's guidance the Committee has indicated that it wishes to adopt a risk register. The Committee have agreed that rather than have a static register that is reviewed periodically that the register should be discussed at every meeting and changes agreed and implemented as necessary.
- 4.4 The current risk register is attached as appendix A and has been prepared using the Somerset County Council risk framework and scoring methodology

5. Consultations undertaken

None

6. Financial Implications

- 6.1 No direct implications

7. Background Papers

None
