### 1. Summary

- 1.1 In response to CIPFA guidance recommending the adoption and monitoring of a risk register for LGPS funds the Pensions Committee have requested that a review of the risk register is a standing item on the agenda for each meeting.

### 2. Issues for consideration

- 2.1 To monitor the risks contained on the risk register and approve any amendments.

### 3. Changes since last meeting

- 3.1 Following comments from the Pension Board at their October meeting PF – Admin 7, which was COVID19, has been amended to a civil contingencies event as a way of capturing a number of possible risks such as electrical grid blackouts etc. as well as possible future pandemics.

### 4. Background

- 4.1 Risk management is central to the management of the Pension Fund as reflected by the coverage of risk in key documents such as the Funding Strategy Statement and the Statement of Investment Principals. The risk register allows for consideration of all of the fund's risks in a single document.
- 4.2 Guidance issued by CIPFA on the application of the Myner's Principles in the LGPS in 2010 indicated that the creation and adoption by Pensions Committees of a risk register was best practice.
- 4.3 Following on from CIPFA's guidance the Committee has indicated that it wishes to adopt a risk register. The Committee have agreed that rather than have a static register that is reviewed periodically that the register should be discussed at every meeting and changes agreed and implemented as necessary.

4.4 The current risk register is attached as appendix A and has been prepared using the Somerset County Council risk framework and scoring methodology

**5. Consultations undertaken**

None

**6. Financial Implications**

6.1 No direct implications

**7. Background Papers**

None
