Description of what proposed change or policy is being impact assessed

Community governance review of the unparished area of Taunton and adjoining parishes – results of second stage consultation and final recommendations

Evidence

What data/information have you used to assess how this policy/service might impact on protected groups? Sources such as the [Office of National Statistics](#), [Somerset Intelligence Partnership](#), [Somerset’s Joint Strategic Needs Analysis \(JSNA\)](#), Staff and/ or [area profiles](#),, should be detailed here

- Area profiles,
- Census 2011
- ONS Neighbourhood Statistics

Who have you consulted with to assess possible impact on protected groups? If you have not consulted other people, please explain why?

A six week second stage public consultation took place in June and July 2022. A range of stakeholders were directly approached as well as a direct mailshot to all residents and businesses within the review area.

Consultation should happen in advance of the proposed service change or policy being submitted for decision. You should allow at least 2 weeks for those you have consulted with to provide their response. [This directory](#) provides contact details for groups who

represent people with protected characteristics, to help you choose who to consult (you do not need to consult all of the groups but should make sure that those groups which have greatest likelihood of negative impact are covered).

Analysis of impact on protected groups

The Public Sector Equality Duty requires us to eliminate discrimination, advance equality of opportunity and foster good relations with protected groups. Consider how this policy/service will achieve these aims. In the table below, using the evidence outlined above and your own understanding, detail what considerations and potential impacts against each of the three aims of the Public Sector Equality Duty. Based on this information, make an assessment of the likely outcome, before you have implemented any mitigation.

Age	<p>There will be no negative impact on any particular age group as a result of the Community Governance Review.</p> <p>Should the creation of a new council go ahead, only those of voting age (18 years and over) will be able to take part in elections in line with current legislation, although the new council will represent the whole population of their area (including young and older people). In addition to be eligible to stand for election the person must be 18 or over on the day of nomination.</p>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
