Subject: Re: Variation - Croydon Hall

Good Morning

Thank you for your email

Please find attached photographs showing the notice on display that were taken yesterday. The notice is displayed next to the post box at the entrance to the Croydon Hall Estate on the Public Highway.

The notice will be published in the West Somerset Free Press next Friday 12th February 2021.

Whilst writing, following some further feedback from local residents, I would like to make two further amendments to the proposed new conditions (a new schedule of conditions is attached). The amendments are :

1. Condition 5 currently only refers to live or recorded music. I would like to amend to "After 23:00, all licensable activities shall only take place inside the buildings"
2. Condition 6 currently has two sound monitoring points, I would like to amend to three. An updated plan is shown on the attached schedule of conditions.

I would be most grateful if you could update your online portal with the new schedule of proposed conditions. I am sorry for the inconvenience of this late change but I am keen to show the local residents that we are responsive to their concerns and the additional amendments should help give them further peace of mind.

Yours sincerely

Jeremy Millins
