To Whom it may concern

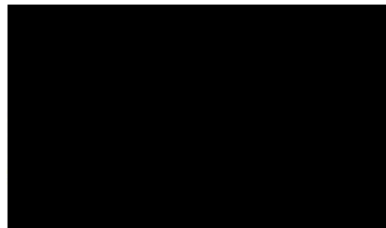

Re: Notice of application for the grant of a variation of premises licence at White Hart Hotel, Sadler Street. BA5 2RR

We write to express our objection to the proposal to amend the hours for the sale of Alcohol, Regulated Entertainment from 1000 hours to 0100 hours and Late Night Refreshment from 2300 hours until 0100 hours, Monday to Sunday.

Wells is a quiet and safe city and at night and this part of Sadler St is predominantly a residential area particularly where the White Hart is situated. We already experience considerable noise and disturbance from the White Hart especially during summer months if they are using the outside area. Serving alcohol until the early hours every night will increase this further and risks encouraging anti-social behaviour.

Whilst we are pleased that business at the White Hart is making a good comeback, we believe extending the closing time from 2300 to 0100 hours with the addition of alcohol being served is not appropriate in this case.

Yours Faithfully

Sarah Mitchell and Rebecca Barnard
