

Avon and Somerset Police and Crime Panel

28th September 2023

Panel Annual Report 2022/23

1. Summary

Attached is a draft of the Panel's Annual Report 2022/23.

In the interests of the Panel's budget, a decision was taken not to commission the corporate design team to produce a format for the report.

One aim of the Annual Report is to inform the public of the Panel's role and responsibilities, and the Panel should therefore consider if the draft is fit for purpose in this respect.

Obvious distribution includes local authority websites, newsletters and the Panel website.

2. Recommendation

Panel members are invited to review the draft and highlight any amendments or additions they wish to make to the content.
