

# Mendip District Council Audit planning report

Year ended 31 March 2023

September 2023

Somerset Council  
County Hall  
The Crescent  
Taunton  
TA1 4DY

20 September 2023

Dear Audit Committee Members

We are pleased to attach our Audit Plan relating to Mendip District Council which sets out how we intend to carry out our responsibilities as auditor. Its purpose is to provide the Audit Committee with a basis to review our proposed audit approach and scope for the 2022/23 audit in accordance with the requirements of the Local Audit and Accountability Act 2014, the National Audit Office's 2020 Code of Audit Practice, the Statement of Responsibilities issued by Public Sector Audit Appointments (PSAA) Ltd, auditing standards and other professional requirements. It is also to ensure that our audit is aligned with the Committee's service expectations.

This plan summarises our initial assessment of the key risks driving the development of an effective audit for the Council, and outlines our planned audit strategy in response to those risks.

This report is intended solely for the information and use of the Audit Committee and management, and is not intended to be and should not be used by anyone other than these specified parties.

We welcome the opportunity to discuss this report with you on 28 September 2023 as well as understand whether there are other matters which you consider may influence our audit.

Yours faithfully

Kevin Suter

For and on behalf of Ernst & Young LLP

# Contents

Public Sector Audit Appointments Ltd (PSAA) issued the "Statement of responsibilities of auditors and audited bodies". It is available from the PSAA website (<https://www.psa.co.uk/managing-audit-quality/statement-of-responsibilities-of-auditors-and-audited-bodies/>). The Statement of responsibilities serves as the formal terms of engagement between appointed auditors and audited bodies. It summarises where the different responsibilities of auditors and audited bodies begin and end, and what is to be expected of the audited body in certain areas.

The "Terms of Appointment and further guidance (updated July 2021)" issued by the PSAA (<https://www.psa.co.uk/managing-audit-quality/terms-of-appointment/terms-of-appointment-and-further-guidance-1-july-2021/>) sets out additional requirements that auditors must comply with, over and above those set out in the National Audit Office Code of Audit Practice (the Code) and in legislation, and covers matters of practice and procedure which are of a recurring nature.

This report is made solely to the Audit Committee and management of Somerset Council in accordance with the statement of responsibilities. Our work has been undertaken so that we might state to the Audit Committee and management of Somerset Council those matters we are required to state to them in this report and for no other purpose. To the fullest extent permitted by law we do not accept or assume responsibility to anyone other than the Audit Committee and management of Somerset Council for this report or for the opinions we have formed. It should not be provided to any third-party without our prior written consent.

# Overview of our 2022/23 audit strategy

# Overview of our 2022/23 audit strategy

The following 'dashboard' summarises the significant accounting and auditing matters outlined in this report. It seeks to provide the Audit Committee with an overview of our initial risk identification for the upcoming audit and any changes in risks identified in the current year.

## Audit risks and areas of focus

Risk / area of focus	Risk identified	Change from PY	Details
Misstatements due to fraud or error	Fraud risk	No change in risk or focus	There is a risk that the financial statements as a whole are not free from material misstatement whether caused by fraud or error. We perform mandatory procedures regardless of specifically identified fraud risks.
Inappropriate capitalisation of revenue expenditure due to fraud or error	Fraud risk	No change in risk or focus	Under ISA 240 there is a presumed risk that revenue may be misstated due to improper revenue recognition. In the public sector, this requirement is modified by Practice Note 10 issued by the Financial Reporting Council, which states that auditors should also consider the risk that material misstatements may occur by the manipulation of expenditure recognition. We have assessed the risk is most likely to occur through the inappropriate capitalisation of revenue expenditure.
Valuation of Investment Properties (IP)	Inherent risk	Reduction in risk	The fair value of Investment Property (IP) represent significant balances in the Council's accounts and are subject to valuation changes and impairment reviews. Management is required to make material judgements and apply estimation techniques to calculate the year-end balances recorded in the balance sheet which triggers the use of experts by management and EY likewise. As market conditions have become more stable, we have reduced the risk from "significant" to "higher inherent". The account remains a higher inherent risk due to the estimation uncertainties noted above.
Valuation of Property, Plant and Equipment (PPE)	Inherent risk	No change in risk or focus	The fair values of Property, Plant and Equipment (PPE) represent significant balances in the Council's accounts and are subject to valuation changes, and impairment reviews. Management is required to make material judgements and apply estimation techniques to calculate the year-end balances recorded in the balance sheet which triggers the use of experts by management and EY likewise. Due to these factors the account remains a higher inherent risk.

## Overview of our 2022/23 audit strategy

The following 'dashboard' summarises the significant accounting and auditing matters outlined in this report. It seeks to provide the Audit Committee with an overview of our initial risk identification for the upcoming audit and any changes in risks identified in the current year.

### Audit risks and areas of focus

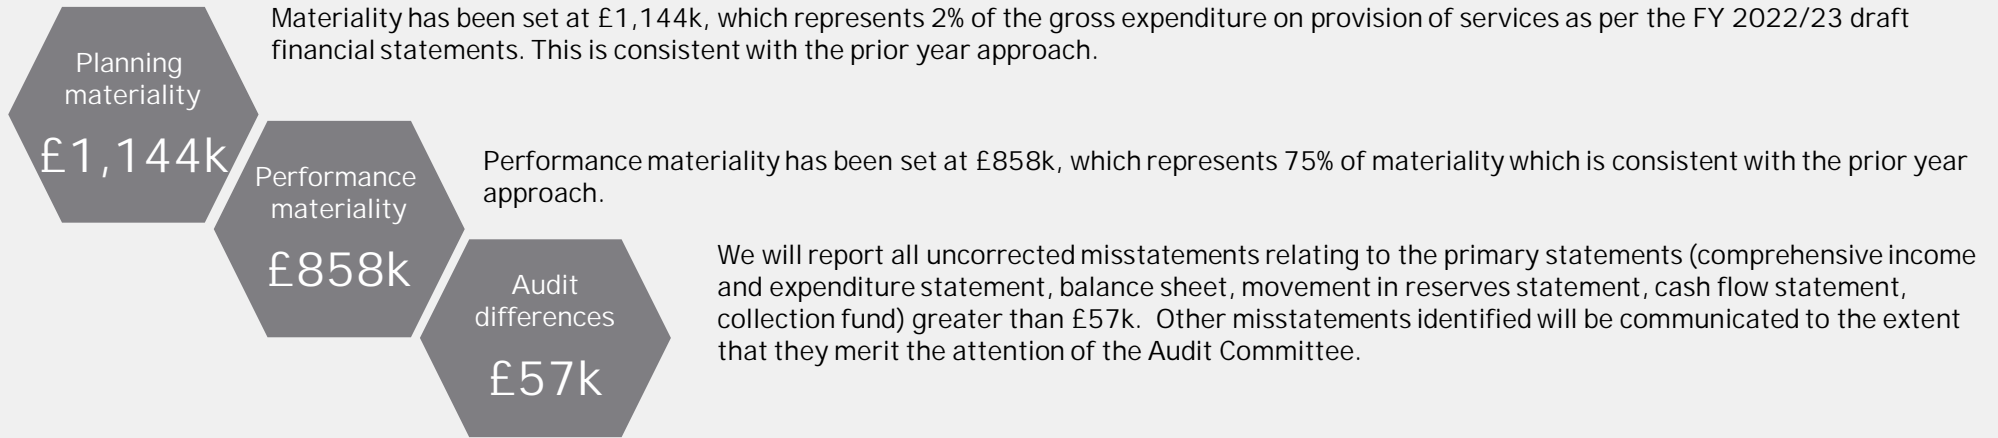

Risk / area of focus	Risk identified	Change from PY	Details
Pension Liability Valuation	Inherent risk	No change in risk or focus	<p>The Local Authority Accounting Code of Practice and IAS19 require the Council to make extensive disclosures within its financial statements regarding its membership of the Local Government Pension Scheme administered by Somerset Council.</p> <p>The Council's pension fund liability is a material estimated balance and the Code requires that this asset be disclosed on the Council's balance sheet. The information disclosed is based on the IAS 19 report issued to the Council by the actuary.</p> <p>Accounting for this scheme involves significant estimation and judgement and therefore management engages an actuary to undertake the calculations on their behalf. ISAs (UK and Ireland) 500 and 540 require us to undertake procedures on the use of management experts and the assumptions underlying fair value estimates.</p>

### Removal of Audit risks and areas of focus

Accounting for Covid-19 grants	Inherent risk	Removal of area of risk	<p>Due to Covid-19 grants being in place for more than one financial year, and the value of new Covid-19 grants in 22/23 are immaterial, we consider the risk of misstatement to be sufficiently reduced to remove the inherent risk that was present in the 21/22 audit plan. Covid-19 related grants will be included as part of the wider grants population when we complete our substantive testing.</p>
--------------------------------	---------------	-------------------------	--

# Overview of our 2022/23 audit strategy

## Materiality

# Overview of our 2022/23 audit strategy

## Audit scope

This Audit Plan covers the work that we plan to perform to provide you with:

- Our audit opinion on whether the financial statements of Mendip District Council give a true and fair view of the financial position as at 31 March 2023 and of the income and expenditure for the year then ended; and
- Our commentary on your arrangements to secure value for money in your use of resources for the relevant period. We include further details on VFM in Section 03.

We will also review and report to the National Audit Office (NAO), to the extent and in the form required by them, on the Council's Whole of Government Accounts return.

Our audit will also include the mandatory procedures that we are required to perform in accordance with applicable laws and auditing standards.

When planning the audit we take into account several key inputs:

- Strategic, operational and financial risks relevant to the financial statements;
- Developments in financial reporting and auditing standards;
- The quality of systems and processes;
- Changes in the business and regulatory environment; and,
- Management's views on all of the above.

By considering these inputs, our audit is focused on the areas that matter and our feedback is more likely to be relevant to the Council.

Taking the above into account, and as articulated in this audit plan, our professional responsibilities require us to independently assess the risks associated with providing an audit opinion and undertake appropriate procedures in response to that. Our Terms of Appointment with PSAA allow them to vary the fee dependent on "the auditors assessment of risk and the work needed to meet their professional responsibilities". PSAA are aware that the setting of scale fees has not kept pace with the changing requirements of external audit with increased focus on, for example, the valuations of land and buildings, the auditing of groups, the valuation of pension obligations, the introduction of new accounting standards such as IFRS 9 and 15 in recent years as well as the expansion of factors impacting the ISA 540 (revised) and the value for money conclusion. Therefore to the extent any of these or any other risks are relevant in the context of Mendip District Council's audit, we will discuss these with management as to the impact on the scale fee.

Effects of climate-related matters on financial statements and Value for Money arrangements

Public interest in climate change is increasing. We are mindful that climate-related risks may have a long timeframe and therefore while risks exist, the impact on the current period financial statements may not be immediately material to an entity. It is nevertheless important to understand the relevant risks to make this evaluation. In addition, understanding climate-related risks may be relevant in the context of qualitative disclosures in the notes to the financial statements and value for money arrangements.

We make inquiries regarding climate-related risks on every audit as part of understanding the entity and its environment. As we re-evaluate our risk assessments throughout the audit, we continually consider the information that we have obtained to help us assess the level of inherent risk.

# Overview of our 2022/23 audit strategy

## Value for money conclusion

We include details in Section 03 but in summary:

- We are required to consider whether the Council has made 'proper arrangements' to secure economy, efficiency and effectiveness on its use of resources.
- Planning on value for money and the associated risk assessment is focused on gathering sufficient evidence to enable us to document our evaluation of the Council's arrangements, to enable us to draft a commentary under three reporting criteria (see below). This includes identifying and reporting on any significant weaknesses in those arrangements and making appropriate recommendations.
- We will provide a commentary on the Council's arrangements against three reporting criteria:
  - Financial sustainability - How the Council plans and manages its resources to ensure it can continue to deliver its services;
  - Governance - How the Council ensures that it makes informed decisions and properly manages its risks; and
  - Improving economy, efficiency and effectiveness - How the Council uses information about its costs and performance to improve the way it manages and delivers its services.
- The commentary on VFM arrangements will be included in the Auditor's Annual Report.

## Timeline

Following the merger of Mendip District Council into the new Somerset Council, we have prioritised the engagement with an aim to deliver the audit by end of October 2023.

## Audit team changes

Key changes to our team:

Manager – James Stuttaford  
9 years of experience auditing Local Government  
Experienced manager of several Local Government District Councils in the south region

02

# Audit risks

## Our response to significant risks

We have set out the significant risks (including fraud risks denoted by\*) identified for the current year audit along with the rationale and expected audit approach. The risks identified below may change to reflect any significant findings or subsequent issues we identify during the audit.

Misstatements due to fraud or error	What is the risk?	What will we do?
	<p>The financial statements as a whole are not free of material misstatements whether caused by fraud or error.</p> <p>As identified in ISA (UK) 240, management is in a unique position to perpetrate fraud because of its ability to manipulate accounting records directly or indirectly and prepare fraudulent financial statements by overriding controls that otherwise appear to be operating effectively.</p> <p>We identify and respond to this fraud risk on every audit engagement.</p>	<p>We will undertake our standard procedures to address fraud risk, which include:</p> <ul style="list-style-type: none"> <li>➤ Identifying fraud risks during the planning stages.</li> <li>➤ Inquiring of management about risks of fraud and the controls put in place to address those risks.</li> <li>➤ Understanding the oversight given by those charged with governance of management's processes over fraud.</li> <li>➤ Considering the effectiveness of management's controls designed to address the risk of fraud.</li> <li>➤ Determining an appropriate strategy to address any identified risks of fraud.</li> </ul> <p>Performing mandatory procedures regardless of specifically identified fraud risks, including</p> <ul style="list-style-type: none"> <li>➤ Testing of journal entries and other adjustments in the preparation of the financial statements.</li> <li>➤ Reviewing accounting estimates for evidence of management bias.</li> <li>➤ Evaluating the business rationale for any significant unusual transactions.</li> </ul>

## Our response to significant risks

Inappropriate capitalisation of revenue expenditure  
(*Fraud Risk*)

### Financial statement impact

Inappropriate capitalisation of revenue expenditure would decrease the net expenditure from the general fund, and increase the value of non-current assets.

Expenditure that should be revenue may be inappropriately funded from capital resources.

### What is the risk?

Under ISA 240 there is a presumed risk that revenue may be misstated due to improper revenue recognition. In the public sector, this requirement is modified by Practice Note 10 issued by the Financial Reporting Council, which states that auditors should also consider the risk that material misstatements may occur by the manipulation of expenditure recognition.

From our risk assessment, we have assessed that the risk manifests itself solely through the inappropriate capitalisation of revenue expenditure to improve the financial position of the general fund.

Capitalised revenue expenditure could then be inappropriately funded through borrowing with only minimal MRP charges recorded in the general fund, deferring the expenditure for 30+ years when the borrowing is repaid. Alternately, it could also inappropriately be funded by capital receipts or grants, that should not be used to support revenue.

Inappropriate classification of revenue expenditure as REFCUS (revenue expenditure funded by capital under statute) could also have the same impact, removing the spend incorrectly from the general fund through applying statutory overrides.

### What will we do?

Our approach will focus on:

- For significant additions we will examine invoices, capital expenditure authorisations, leases and other data that will support these additions. We review the sample selected against the definition of capital expenditure in IAS 16.
- Reviewing the appropriateness of items classified as REFCUS.
- We will extend our testing capitalised in the year by lowering our testing threshold. We will also review a larger random sample of capital additions below our testing threshold.
- Journal testing - we will use our testing of Journals to identify high risk transactions, such as items originally recorded as revenue expenditure and subsequently capitalised or reclassified as REFCUS.

## Other areas of audit focus

We have identified other areas of the audit, that have not been classified as significant risks, but are still important when considering the risks of material misstatement to the financial statements and disclosures and therefore may be key audit matters we will include in our audit report.

What is the risk/area of focus?	What will we do?
<p><b>Valuation of Investment Properties (IP)</b></p> <p>The value of Fair Value Investment Properties assets represents a significant balance in the Council's accounts and it is subject to revaluation changes and impairment reviews.</p> <p>Management is required to make material judgmental inputs and apply estimation techniques to calculate the year-end balances recorded in the balance sheet.</p> <p>FV assets are subject to regular review by the external valuers – Capita.</p> <p>Valuation of these assets involves higher risk estimates due to the significant assumptions and judgments involved in their valuation, which triggers the use of experts by management and EY (where necessary). These estimates give scope for higher inherent risk in this area of accounts therefore we have identified IP valuations as an area of focus.</p>	<p>We will:</p> <ul style="list-style-type: none"> <li>• Consider the work performed by the Council's valuers, including the adequacy of the scope of the work performed, their professional capabilities and the results of their work;</li> <li>• Sample test key asset information used by the valuers in performing their valuation (e.g. leases, contracts and rent reviews) and challenge the key assumptions used by the valuers;</li> <li>• Confirm that all Investment Properties have been revalued in year, as required by the CIPFA Code for Fair Value assets. We will also consider if there are any specific changes to assets that have occurred and whether these have been communicated to the valuers;</li> <li>• Test to confirm that accounting entries have been correctly processed in the financial statements.</li> </ul>

## Audit risks

### Other areas of audit focus

We have identified other areas of the audit, that have not been classified as significant risks, but are still important when considering the risks of material misstatement to the financial statements and disclosures and therefore may be key audit matters we will include in our audit report.

What is the risk/area of focus?	What will we do?
<p>Valuation of Property, Plant and Equipment (PPE)</p> <p>The value of DRC and EUV assets represents a significant balance in the Council's accounts and it is subject to revaluation changes and impairment reviews.</p> <p>Management is required to make material judgmental inputs and apply estimation techniques to calculate the year-end balances recorded in the balance sheet.</p> <p>DRC and EUV assets are subject to regular review by the external valuers - Capita.</p> <p>Valuation of these assets involves higher risk estimates due to the significant assumptions and judgments involved in their valuation, which triggers the use of experts by management and EY (where necessary). These estimates give scope for higher inherent risk in this area of accounts therefore we have identified PPE as an area of focus.</p>	<p>We will:</p> <ul style="list-style-type: none"><li>• Consider the work performed by the Council's valuers, including the adequacy of the scope of the work performed, their professional capabilities and the results of their work;</li><li>• Sample test key asset information used by the valuers in performing their valuation (e.g. floor plans to support valuations based on price per square metre) and challenge the key assumptions used by the valuers;</li><li>• Consider the annual cycle of valuations to ensure that assets have been valued within a 5 year rolling programme as required by the Code for PPE. We will also consider if there are any specific changes to assets that have occurred and whether these have been communicated to the valuers;</li><li>• Review PPE assets not subject to valuation in 2022/23 to confirm that the remaining asset base is not materially misstated;</li><li>• Consider the potential impact of current economic conditions on valuation uncertainties;</li><li>• Consider changes to useful economic lives as a result of the most recent valuation; and</li><li>• Test to confirm that accounting entries have been correctly processed in the financial statements.</li></ul>

## Audit risks

### Other areas of audit focus

We have identified other areas of the audit, that have not been classified as significant risks, but are still important when considering the risks of material misstatement to the financial statements and disclosures and therefore may be key audit matters we will include in our audit report.

#### What is the risk/area of focus?

##### Pension Liability Valuation

The Local Authority Accounting Code of Practice and IAS19 require the Council to make extensive disclosures within its financial statements regarding its membership of the Local Government Pension Scheme administered by Somerset Council.

The Council's pension fund deficit is a material estimated balance and the Code requires that this liability be disclosed on the Council's balance sheet. At 31 March 2023 this totalled £12.1million.

The information disclosed is based on the IAS 19 report issued to the Council by the actuary.

Accounting for this scheme involves significant estimation and judgement and therefore management engages an actuary to undertake the calculations on their behalf. ISAs (UK) 500 and 540 require us to undertake procedures on the use of management experts and the assumptions underlying fair value estimates.

#### What will we do?

We will:

- Liaise with the auditors of Somerset Pension Fund, to obtain assurances over the information supplied to the actuary in relation to Mendip District Council;
- Assess the work of the Pension Fund actuary including the assumptions they have used by relying on the work of PWC - Consulting Actuaries commissioned by the National Audit Office for all Local Government sector auditors, and considering any relevant reviews by the EY actuarial team;
- Evaluate the reasonableness of the Pension Fund actuary's calculations by comparing them to the outputs of our own auditor's actuarial model; and
- Review and test the accounting entries and disclosures made within the Council's financial statements in relation to IAS19.

03

## Value for Money Risks

## Council's responsibilities for value for money

The Council is required to maintain an effective system of internal control that supports the achievement of its policies, aims and objectives while safeguarding and securing value for money from the public funds and other resources at its disposal.

As part of the material published with the financial statements, the Council is required to bring together commentary on the governance framework and how this has operated during the period in a governance statement. In preparing the governance statement, the Council tailors the content to reflect its own individual circumstances, consistent with the requirements of the relevant accounting and reporting framework and having regard to any guidance issued in support of that framework. This includes a requirement to provide commentary on arrangements for securing value for money from the use of resources.

## Auditor responsibilities

Under the NAO Code of Audit Practice we are required to consider whether the Council has put in place 'proper arrangements' to secure economy, efficiency and effectiveness on its use of resources. The Code requires the auditor to design their work to provide them with sufficient assurance to enable them to report to the Council a commentary against specified reporting criteria (see below) on the arrangements the Council has in place to secure value for money through economic, efficient and effective use of its resources for the relevant period.

The specified reporting criteria are:

- Financial sustainability - How the Council plans and manages its resources to ensure it can continue to deliver its services.
- Governance - How the Council ensures that it makes informed decisions and properly manages its risks.
- Improving economy, efficiency and effectiveness - How the Council uses information about its costs and performance to improve the way it manages and delivers its services.

## Planning and identifying risks of significant weakness in VFM arrangements

The NAO's guidance notes requires us to carry out a risk assessment which gathers sufficient evidence to enable us to document our evaluation of the Council's arrangements, in order to enable us to draft a commentary under the three reporting criteria. This includes identifying and reporting on any significant weaknesses in those arrangements and making appropriate recommendations.

In considering the Council's arrangements, we are required to consider:

- The Council's governance statement;
- Evidence that the Council's arrangements were in place during the reporting period;
- Evidence obtained from our work on the accounts;
- The work of inspectorates and other bodies; and
- Any other evidence source that we regards as necessary to facilitate the performance of our statutory duties.

We then consider whether there is evidence to suggest that there are significant weaknesses in arrangements. The NAO's guidance is clear that the assessment of what constitutes a significant weakness and the amount of additional audit work required to adequately respond to the risk of a significant weakness in arrangements is a matter of professional judgement. However, the NAO states that a weakness may be said to be significant if it:

- Exposes – or could reasonably be expected to expose – the Council to significant financial loss or risk;
- Leads to – or could reasonably be expected to lead to – significant impact on the quality or effectiveness of service or on the Council's reputation;
- Leads to – or could reasonably be expected to lead to – unlawful actions; or
- Identifies a failure to take action to address a previously identified significant weakness, such as failure to implement or achieve planned progress on action/improvement plans.

We should also be informed by a consideration of:

- The magnitude of the issue in relation to the size of the Council;
- Financial consequences in comparison to, for example, levels of income or expenditure, levels of reserves (where applicable), or impact on budgets or cashflow forecasts;
- The impact of the weakness on the Council's reported performance;
- Whether the issue has been identified by the Council's own internal arrangements and what corrective action has been taken or planned;
- Whether any legal judgements have been made including judicial review;
- Whether there has been any intervention by a regulator or Secretary of State;
- Whether the weakness could be considered significant when assessed against the nature, visibility or sensitivity of the issue;
- The impact on delivery of services to local taxpayers; and
- The length of time the Council has had to respond to the issue.

# Value for Money

## Responding to identified risks of significant weakness

Where our planning work has identified a risk of significant weakness, the NAO's guidance requires us to consider what additional evidence is needed to determine whether there is a significant weakness in arrangements and undertake additional procedures as necessary, including where appropriate, challenge of management's assumptions. We are required to report our planned procedures to the Audit Committee.

## Reporting on VFM

Where we are not satisfied that the Council has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources the Code requires that we should refer to this by exception in the audit report on the financial statements.

In addition, the Code requires us to include the commentary on arrangements in the Auditor's Annual Report. The Code states that the commentary should be clear, readily understandable and highlight any issues we wish to draw to the Council's attention or the wider public. This should include details of any recommendations arising from the audit and follow-up of recommendations issued previously, along with our view as to whether they have been implemented satisfactorily.

## Status of our 2022/23 VFM planning

We have yet to complete our detailed VFM planning, but at this stage have identified no significant risks.

We will update the next Audit Committee meeting on the outcome of our VFM planning and our planned response to any additional identified risks of significant weaknesses in arrangements.

04

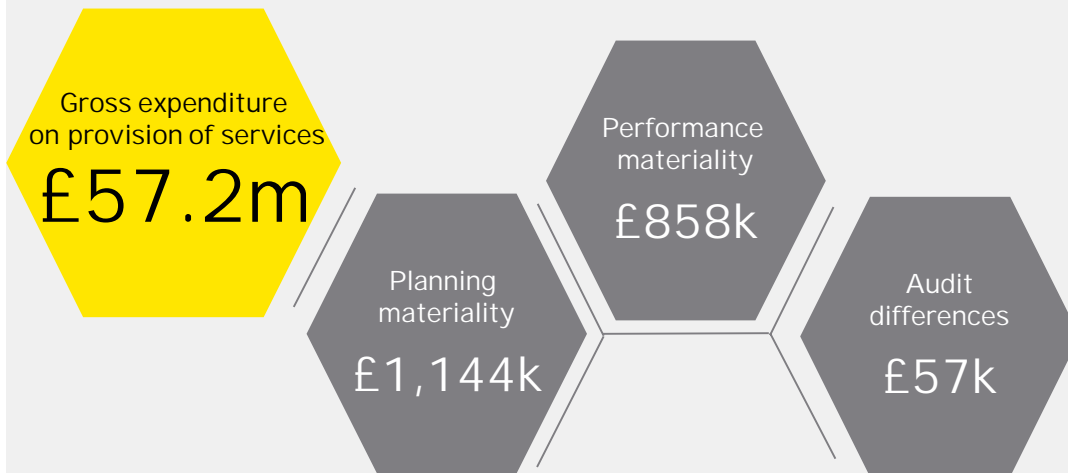

# Audit materiality

# Materiality

## Materiality

For planning purposes, materiality for 2022/23 has been set at £1,144k. This represents 2% of the Council's gross expenditure on provision of services based on FY 2022/23 draft financial statements. It will be reassessed throughout the audit process. When setting the materiality threshold, we took into account the main activities of the Council and also considered its overall risk profile and public interest in comparison to other councils. We have provided supplemental information about audit materiality in Appendix C.

We request that the Audit Committee confirm its understanding of, and agreement to, these materiality and reporting levels.

## Key definitions

**Planning materiality** – the amount over which we anticipate misstatements would influence the economic decisions of a user of the financial statements.

**Performance materiality** – the amount we use to determine the extent of our audit procedures. We have set performance materiality at £0.858m which represents 75% of planning materiality.

**Audit difference threshold** – we propose that misstatements identified below this threshold are deemed clearly trivial. The same threshold for misstatements is used for component reporting. We will report to you all uncorrected misstatements over this amount relating to the comprehensive income and expenditure statement, balance sheet and collection fund that have an effect on income or that relate to other comprehensive income.

Other uncorrected misstatements, such as reclassifications and misstatements in the cashflow statement and movement in reserves statement or disclosures, and corrected misstatements will be communicated to the extent that they merit the attention of the Audit Committee, or are important from a qualitative perspective.

**Specific materiality** – We identified accounts or disclosures for which misstatements of less than PM could be expected to influence the economic decisions of users of the financial statements.

Thus, we have set a materiality of £5,000 for officers' remuneration and exit packages disclosures in the financial statements. This reflects our understanding that an amount less than our main materiality could influence the economic decision of the users of the financial statements in relation to these areas. This specific materiality is set at the remuneration banding used in the officer emoluments note.

05

## Scope of our audit

## Our Audit Process and Strategy

### Objective and Scope of our Audit scoping

Under the Code of Audit Practice, our principal objectives are to undertake work to support the provision of our audit report to the audited body and to satisfy ourselves that the audited body has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources to the extent required by the relevant legislation and the requirements of the Code.

We issue an audit report that covers:

#### 1. Financial statement audit

Our opinion on the financial statements:

- whether the financial statements give a true and fair view of the financial position of the audited body and its expenditure and income for the period in question; and
- whether the financial statements have been prepared properly in accordance with the relevant accounting and reporting framework as set out in legislation, applicable accounting standards or other direction.

Our opinion on other matters:

- whether other information published together with the audited financial statements is consistent with the financial statements; and
- where required, whether the part of the remuneration report to be audited has been properly prepared in accordance with the relevant accounting and reporting framework.

Other procedures required by the Code:

- Examine and report on the consistency of the Whole of Government Accounts schedules or returns with the body's audited financial statements for the relevant reporting period in line with the instructions issued by the NAO.

#### 2. Arrangements for securing economy, efficiency and effectiveness (value for money)

As outlined in Section 03, we are required to consider whether the Council has put in place 'proper arrangements' to secure economy, efficiency and effectiveness on its use of resources and report a commentary on those arrangements.

## Our Audit Process and Strategy (continued)

### Audit Process Overview

Our audit involves:

- Identifying and understanding the key processes and internal controls; and
- Substantive tests of detail of transactions and amounts.

As in previous years, we plan to follow a substantive approach to the audit as we have concluded this is the most efficient way to obtain the level of audit assurance required to conclude that the financial statements are not materially misstated.

For 2022/23 we will be applying a Digital Audit approach which puts data at the heart of the audit. Throughout the audit, we begin each task by considering data first, whether it is planning for the audit, performing risk assessment, or responding to risks.

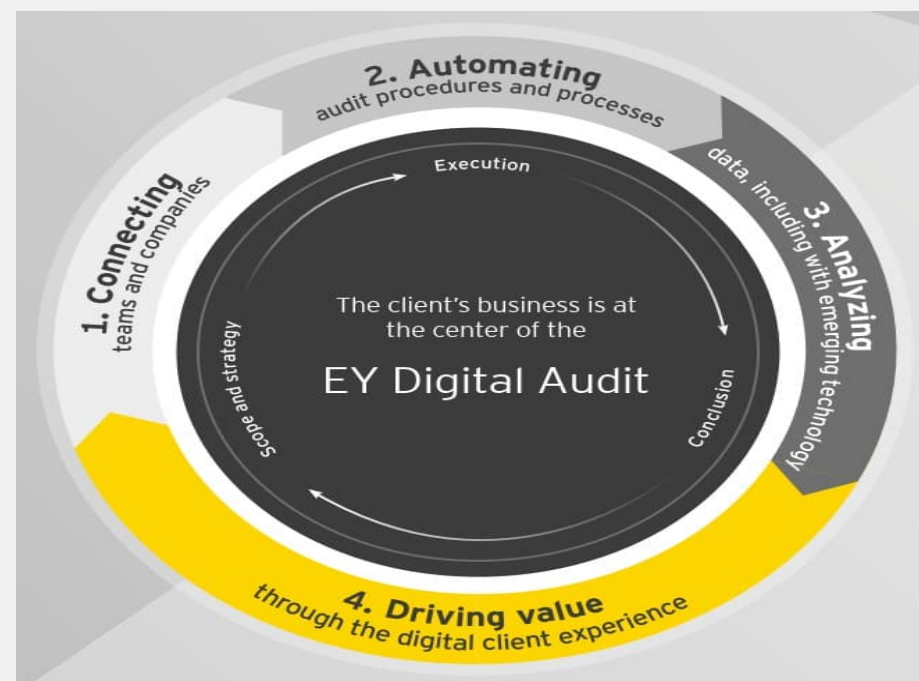

Furthermore, we will also enhance our risk assessment procedures in line with the revised ISA (UK) 315, Identifying and Assessing the Risks of Material Misstatement, which will involve more detailed work around identifying relevant IT controls and evaluating the design and implementation of these relevant IT controls. See subsequent slides for more information on ISA 315.

Analytics:

We will use our computer-based analytics tools to enable us to capture whole populations of your financial data, in particular journal entries. These tools:

- Help identify specific exceptions and anomalies which can then be subject to more traditional substantive audit tests; and
- Give greater likelihood of identifying errors than random sampling techniques.

We will report the findings from our process and analytics work, including any significant weaknesses or inefficiencies identified and recommendations for improvement, to management and the Audit Committee.

# Scope of our audit

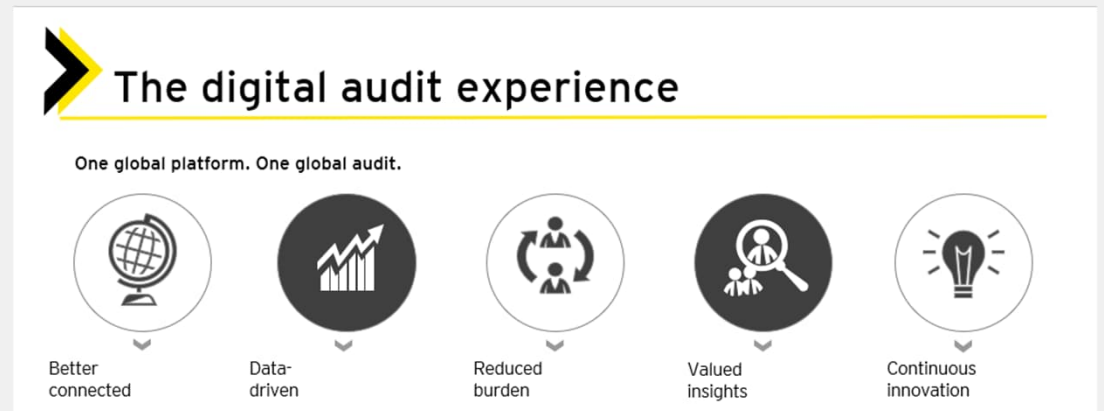

## Audit Process overview

The Digital Audit enhances our ability to:

- Understand changes in the business and processes
- Evaluate and respond to fraud risks
- Evaluate going concern
- Evaluate impairment
- Focus on cash

The Digital Audit experience includes use of the Client Portal which has a number of benefits:

- reduces email communication, saving you time when supporting the audit;
- provides on demand visibility into the status of audit requests, improving project management; and
- better security of data and automatic uploading into EY Canvas, creating confidence that data has been properly provided.

## Audit Process overview

### Internal audit

We will review internal audit plans and the results of their work. We will reflect on these when designing our overall audit approach and when developing our detailed testing strategy. We may also reflect relevant findings from their work in our reporting, where it raises issues that could have a material impact on the financial statements.

# ISA (UK) 315

## ISA (UK) 315 (Revised July 2020) *Identifying and Assessing the Risks of Material Misstatement*

### Summary of key measures

- The revised auditing standard is effective for audits of financial statements for periods beginning on or after 15 December 2021, and adopts ISA 315 (Revised 2019) as issued by the IAASB;
- The revised risk assessment standard sees enhancements and clarifications to: (i) Encourage a more robust risk assessment, thereby promoting more focused responses to the identified risks; (ii) Clarify current requirements to promote consistency in the application of procedures for risk identification; and (iii) Modernize the standard to keep up with the evolving environment in which entities operate, in particular in relation to the entity's use of information technology;
- The fundamentals of risk assessment have not changed, however, the changes will see additional audit procedures and considerations being made in the following areas to respond to the requirements of the revised standard:
  - How we identify and assess risks based on our understanding of the entity and other risk assessment procedures;
  - How we understand the components of the system of internal control, including new evaluations which apply to each component;
  - The type of controls and process for understanding controls that are relevant to our audit relating to the preparation and posting of journal entries;
  - New requirement Understanding the effect of the Council's use of IT, including relevant IT general controls, and the identification of IT-related risks; and
  - Evaluating, as an audit team, whether sufficient evidence has been obtained to support the identification and assessment of risks of material misstatement.

### Impact on Mendip District Council

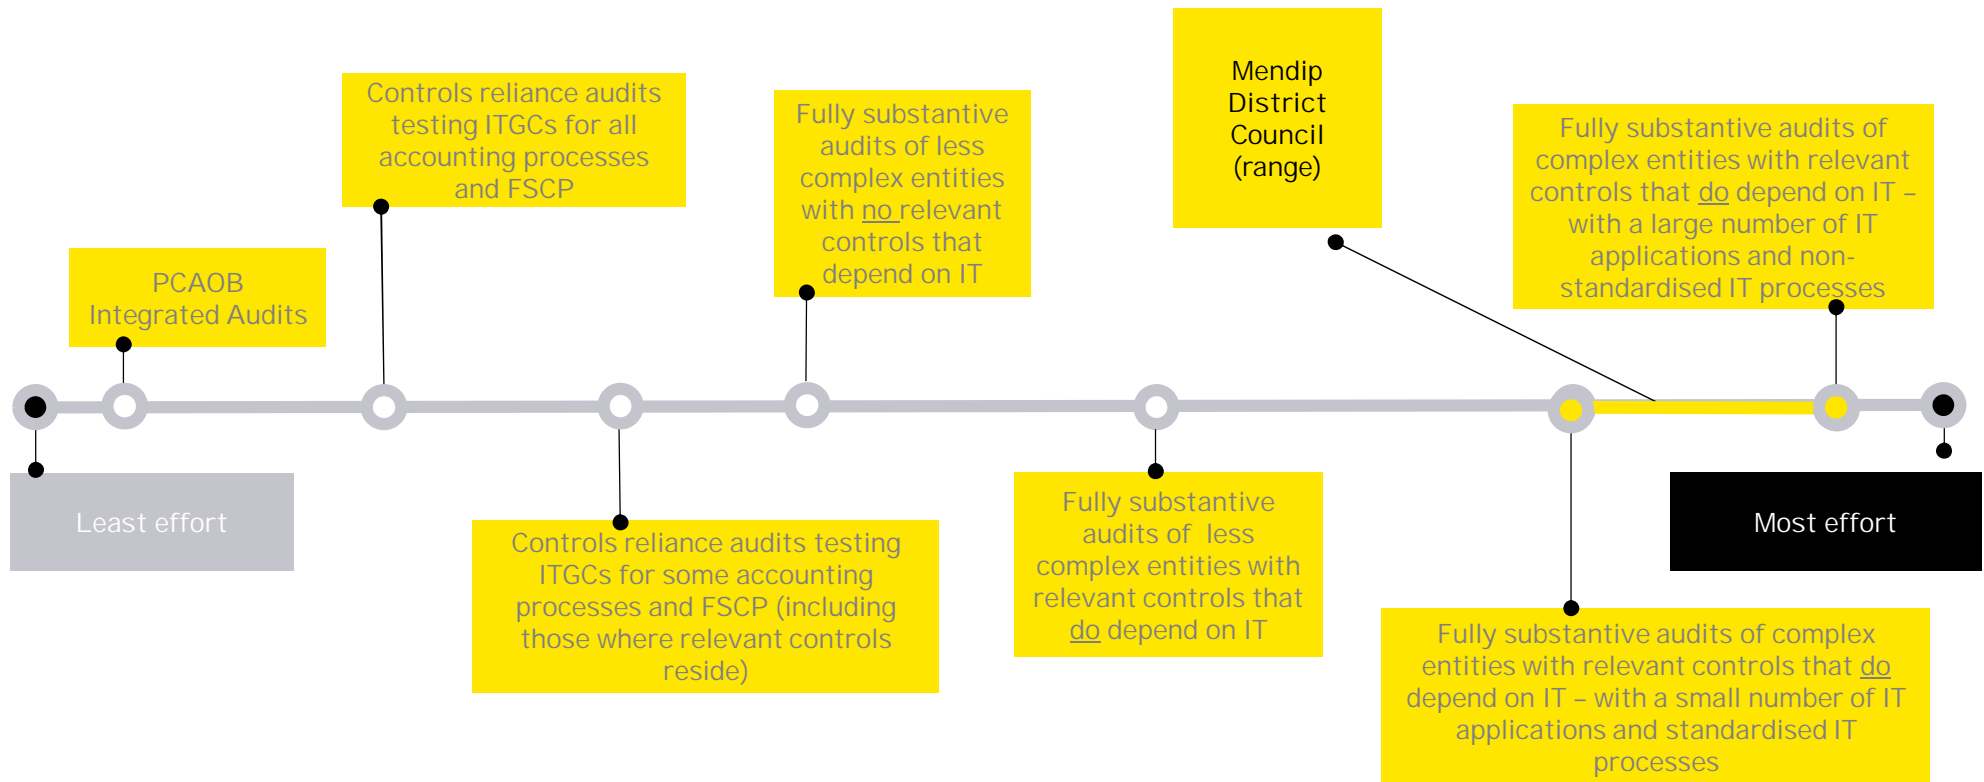

- The revised standard is for auditors and does not put any additional responsibilities or requirements on management or the Audit Committee, however, management and/or the Audit Committee may experience different conversations, requests or simply have more focused discussions with members of the audit team, including about risk, internal controls, audit quality and our audit strategy;
- For Mendip District Council the revised standard is effective for this audit of the financial statements for the period ended 31 March 2023;
- We will be required to perform new and additional procedures to understand the Council's use of IT, the IT processes related to those IT applications relevant to the audit used in the different accounting processes and, where relevant, the IT general controls (ITGCs) that address IT risks in the IT processes and evaluation of their design effectiveness and whether they have been implemented.  
The revised standard does not require an evaluation of the operating effectiveness of ITGCs; it continues to be a strategy decision for the auditor as to whether they intend to rely on IT processes.
- More control observations may be identified and communicated, and the additional evaluations of the components of the system of internal control may help identify deficiencies that are considered to be *significant deficiencies*;
- The new requirement relating to understanding the effect of the use of IT by an audited entity has the greatest potential for additional audit effort, involvement of team members with specialised knowledge of auditing IT, and an upward impact on audit fees;
- We have discussed on the next slides the specific impact of this new requirement on the audit of the Council;
- The other impacts of the revised standard on our audit strategy are reflected in the relevant sections of this report.

# ISA (UK) 315

The graphic below indicates where we anticipate, based on our current understanding, that the audit of Mendip District Council falls on the spectrum of effort as it applies to the new requirements of the revised standard relating to understanding the effect of the use of IT. The level of effort is displayed relative to the circumstances applicable to Mendip District Council and why that level of effort may differ to that required on the audits of entities with different circumstances.

06

Audit team

## Use of specialists

When auditing key judgements, we are often required to rely on the input and advice provided by specialists who have qualifications and expertise not possessed by the core audit team. The areas where either EY or third party specialists provide input for the current year audit are:

Area	Specialists
Valuation of Land and Buildings Valuation of Investment Properties	EY Real Estates; Management's external experts: Capita
Pensions disclosure	EY Pensions; Management's external expert: Barnett Waddingham.

In accordance with Auditing Standards, we will evaluate each specialist's professional competence and objectivity, considering their qualifications, experience and available resources, together with the independence of the individuals performing the work.

We also consider the work performed by the specialist in light of our knowledge of the Council's business and processes and our assessment of audit risk in the particular area. For example, we would typically perform the following procedures:

- Analyse source data and make inquiries as to the procedures used by the specialist to establish whether the source data is relevant and reliable;
- Assess the reasonableness of the assumptions and methods used;
- Consider the appropriateness of the timing of when the specialist carried out the work; and
- Assess whether the substance of the specialist's findings are properly reflected in the financial statements.

# Developing the right Audit Culture

In July 2021, EY established a UK Audit Board (UKAB) with a majority of independent Audit Non-Executives (ANEs). The UKAB will support our focus on delivering high-quality audits by strengthening governance and oversight over the culture of the audit business. This focus is critical given that audit quality starts with having the right culture embedded in the business.

Our audit culture is the cement that binds together the building blocks and foundation of our audit strategy. We have been thoughtful in articulating a culture that is right for us: one that recognises we are part of a wider, global firm and is clear about whose interests our audits serve.

There are three elements underpinning our culture:

1. Our people are focused on a common purpose. It is vital we foster and nurture the values, attitudes and behaviours that lead our people to do the right thing.
2. The essential attributes of our audit business are:
  - Right resources – We team with competent people, investing in audit technology, methodology and support
  - Right first time – Our teams execute and review their work, consulting where required to meet the required standard
  - Right reward – We align our reward and recognition to reinforce the right behaviours

### 3. The six pillars of Sustainable Audit Quality are implemented.

#### Tone at the top

The internal and external messages sent by EY leadership, including audit partners, set a clear tone at the top - they establish and encourage a commitment to audit quality

#### Exceptional talent

Specific initiatives support EY auditors in devoting time to perform quality work, including recruitment, retention, development and workload management

#### Accountability

The systems and processes in place help EY people take responsibility for carrying out high-quality work at all times, including their reward and recognition

#### Audit technology and digital

The EY Digital Audit is evolving to set the standard for the digital-first way of approaching audit, combining leading-edge digital tools, stakeholder focus and a commitment to quality

#### Simplification and innovation

We are simplifying and standardising the approach used by EY auditors and embracing emerging technologies to improve the quality, consistency and efficiency of the audit

#### Enablement and quality support

How EY teams are internally supported to manage their responsibility to provide high audit quality

A critical part of this culture is that our people are encouraged and empowered to challenge and exercise professional scepticism across all our audits. However, we recognise that creating a culture requires more than just words from leaders. It has to be reflected in the lived experience of all our people each and every day enabling them to challenge themselves and the companies we audit.

Each year we complete an audit quality culture assessment to obtain feedback from our people on the values and behaviours they experience, and those they consider to be fundamental to our audit quality culture of the future. We action points that arise to ensure our culture continues to evolve appropriately.

#### 2021 Audit Culture Survey result

A cultural health score of 78% (73%) was achieved for our UK Audit Business

We bring our culture alive by investing in three priority workstreams:

- Audit Culture with a focus on professional scepticism
- Adopting the digital audit
- Standardisation

This investment has led to a number of successful outputs covering training, tools, techniques and additional sources. Specific highlights include:

- Audit Purpose Barometer
- Active Scepticism Framework
- Increased access to external sector forecasts
- Forensic risk assessment pilots
- Refreshed PLOT training and support materials, including embedding in new hire and trainee courses
- Digital audit training for all ranks
- Increased hot file reviews and improved escalation processes
- New work programmes issued on auditing going concern, climate, impairment, expected credit losses, cashflow statements and conducting effective group oversight
- Development of bite size, available on demand, task specific tutorial videos

*"A series of company collapses linked to unhealthy cultures.....have demonstrated why cultivating a healthy culture, underpinned by the right tone from the top, is fundamental to business success."*

Sir John Thompson  
Chief Executive of the FRC

## Timetable of communication and deliverables

### Timeline

Below is a timetable showing the key stages of the audit and the deliverables we have agreed to provide to you through the audit cycle in 2021/22.

From time to time matters may arise that require immediate communication with the Audit Committee and we will discuss them with the Audit Committee Chair as appropriate. We will also provide updates on corporate governance and regulatory matters as necessary.

Audit phase	Timetable	Audit committee timetable	Deliverables
Planning: Risk assessment and setting of scopes. Walkthrough of key systems and processes	July 2023	September 2023	
Year End Audit	August 2023	September 2023	Audit Planning Report
Audit Completion procedures	September 2023		
	October 2023	October 2023	Audit Results Report Audit Opinions Auditor's Annual Report and Completion Certificates

# Independence

# Introduction

The FRC Ethical Standard and ISA (UK) 260 “Communication of audit matters with those charged with governance”, requires us to communicate with you on a timely basis on all significant facts and matters that bear upon our integrity, objectivity and independence. The Ethical Standard, as revised in December 2019, requires that we communicate formally both at the planning stage and at the conclusion of the audit, as well as during the course of the audit if appropriate. The aim of these communications is to ensure full and fair disclosure by us to those charged with your governance on matters in which you have an interest.

## Required communications

Planning stage	Final stage
<ul style="list-style-type: none"> <li>▶ The principal threats, if any, to objectivity and independence identified by Ernst &amp; Young (EY) including consideration of all relationships between you, your affiliates and directors and us;</li> <li>▶ The safeguards adopted and the reasons why they are considered to be effective, including any Engagement Quality review;</li> <li>▶ The overall assessment of threats and safeguards;</li> <li>▶ Information about the general policies and process within EY to maintain objectivity and independence.</li> </ul>	<ul style="list-style-type: none"> <li>▶ In order for you to assess the integrity, objectivity and independence of the firm and each covered person, we are required to provide a written disclosure of relationships (including the provision of non-audit services) that may bear on our integrity, objectivity and independence. This is required to have regard to relationships with the entity, its directors and senior management, its affiliates, and its connected parties and the threats to integrity or objectivity, including those that could compromise independence that these create. We are also required to disclose any safeguards that we have put in place and why they address such threats, together with any other information necessary to enable our objectivity and independence to be assessed;</li> <li>▶ Details of non-audit/additional services provided and the fees charged in relation thereto;</li> <li>▶ Written confirmation that the firm and each covered person is independent and, if applicable, that any non-EY firms used in the group audit or external experts used have confirmed their independence to us;</li> <li>▶ Details of any non-audit/additional services to a UK PIE audit client where there are differences of professional opinion concerning the engagement between the Ethics Partner and Engagement Partner and where the final conclusion differs from the professional opinion of the Ethics Partner</li> <li>▶ Details of any inconsistencies between FRC Ethical Standard and your policy for the supply of non-audit services by EY and any apparent breach of that policy;</li> <li>▶ Details of all breaches of the IESBA Code of Ethics, the FRC Ethical Standard and professional standards, and of any safeguards applied and actions taken by EY to address any threats to independence; and</li> <li>▶ An opportunity to discuss auditor independence issues.</li> </ul>

In addition, during the course of the audit, we are required to communicate with you whenever any significant judgements are made about threats to objectivity and independence and the appropriateness of safeguards put in place, for example, when accepting an engagement to provide non-audit services.

We ensure that the total amount of fees that EY and our network firms have charged to you and your affiliates for the provision of services during the reporting period, analysed in appropriate categories, are disclosed.

## Relationships, services and related threats and safeguards

---

We highlight the following significant facts and matters that may be reasonably considered to bear upon our objectivity and independence, including the principal threats, if any. We have adopted the safeguards noted below to mitigate these threats along with the reasons why they are considered to be effective. However we will only perform non-audit services if the service has been pre-approved in accordance with your policy.

### Overall Assessment

Overall, we consider that the safeguards that have been adopted appropriately mitigate the principal threats identified and we therefore confirm that EY is independent and the objectivity and independence of Kevin Suter, your audit engagement partner and the audit engagement team have not been compromised.

### Self interest threats

A self interest threat arises when EY has financial or other interests in the Council. Examples include where we have an investment in the Council; where we receive significant fees in respect of non-audit services; where we need to recover long outstanding fees; or where we enter into a business relationship with you. At the time of writing, there are no long outstanding fees.

We believe that it is appropriate for us to undertake those permitted non-audit/additional services set out in Section 5.40 of the FRC Ethical Standard 2019 (FRC ES), and we will comply with the policies that you have approved.

None of the services are prohibited under the FRC's ES or the National Audit Office's Auditor Guidance Note 01 and the services have been approved in accordance with your policy on pre-approval. In addition, when the ratio of non-audit fees to audit fees exceeds 1:1, we are required to discuss this with our Ethics Partner, as set out by the FRC ES, and if necessary agree additional safeguards or not accept the non-audit engagement. We will also discuss this with you.

At the time of writing, the current ratio of non-audit fees to audit fees is below 1:1. No additional safeguards are required.

A self interest threat may also arise if members of our audit engagement team have objectives or are rewarded in relation to sales of non-audit services to you. We confirm that no member of our audit engagement team, including those from other service lines, has objectives or is rewarded in relation to sales to you, in compliance with Ethical Standard part 4.

There are no other self interest threats at the date of this report.

# Relationships, services and related threats and safeguards

---

## Self review threats

Self review threats arise when the results of a non-audit service performed by EY or others within the EY network are reflected in the amounts included or disclosed in the financial statements.

There are no self review threats at the date of this report.

## Management threats

Partners and employees of EY are prohibited from taking decisions on behalf of management of the Council. Management threats may also arise during the provision of a non-audit service in relation to which management is required to make judgements or decision based on that work.

There are no management threats at the date of this report.

## Other threats

Other threats, such as advocacy, familiarity or intimidation, may arise.

There are no other threats at the date of this report.

## Other communications

---

### EY Transparency Report 2022

Ernst & Young (EY) has policies and procedures that instil professional values as part of firm culture and ensure that the highest standards of objectivity, independence and integrity are maintained.

Details of the key policies and processes in place within EY for maintaining objectivity and independence can be found in our annual Transparency Report which the firm is required to publish by law. The most recent version of this Report is for the year end 30 June 2022:

[EY UK 2022 Transparency Report | EY UK](#)

09

# Appendices

## Appendix A

### Fees

The duty to prescribe fees is a statutory function delegated to Public Sector Audit Appointments Ltd (PSAA) by the Secretary of State for Housing, Communities and Local Government.

This is defined as the fee required by auditors to meet statutory responsibilities under the Local Audit and Accountability Act 2014 in accordance with the requirements of the Code of Audit Practice and supporting guidance published by the National Audit Office, the financial reporting requirements set out in the Code of Practice on Local Authority Accounting published by CIPFA/LASAAC, and the professional standards applicable to auditors' work.

The fee for 2022/23 reflects the final year of the 5 year contract awarded by PSAA.

Description	Planned fee 2022/23	Final Fee 2021/22
	£	£
Audit Scale Fee – Code work	47,287	38,287
Proposed scale fee rebasing (Note 1)		46,193
Scale fee variation – e.g. property valuation errors (Note 2)		TBC
Impact of the New Code of Audit Practice, and revised ISA540 (Note 3)	8,874	8,874
ISA 315 (Note 4)	TBC	n/a
Total Code audit fee	TBC	TBC
Non-audit services (Housing Benefits)	8,300	8,300
Total fees	TBC	TBC

All fees exclude VAT

Notes:

1. In our 2019/20 Annual Audit Letter we set out our rationale for a rebasing the audit fee to address changes in professional and regulatory requirements, and the associated impact on audit procedures. For the purposes of planning we have rolled the same calculated £46,193 forward from previous years. For 2022/23 the PSAA have settled the rebasing process to a updated scale fee recorded above. However, this does not include additional scope impacts such as recorded in Note 3 and 4 below and therefore they are included as Scale Fee Variations.
2. We have not yet concluded our final procedures for 21/22 and therefore are not in a position to provide a final SFV. For 22/23 we are not yet aware of any additional in year scale fee variations but will update the Committee following the results of our audit procedures.
3. PSAA have written to all local authorities to indicate a range of fees for the impact of the 2020 Code of Audit Practice and new auditing standards. We calculated the impact for Mendip DC to be at the lower end of PSAA's ranges in 2020/21, which PSAA have approved. We have rolled this forward into the 2022/23 planned fee as the requirements are recurrent.
4. As highlighted in Section 5, the revision to ISA 315 will have a significant impact on our scope and approach, requiring auditors to enhance the audit risk assessment process, better focus responses to identified risks and evaluate the impact of IT on key processes supporting the production of the financial statements.

All variations to the 2022/23 scale fee are subject to determination by PSAA.

## Appendix B

# Required communications with the Audit Committee

We have detailed the communications that we must provide to the Audit Committee.

Our Reporting to you

Required communications	 What is reported?	 When and where
Terms of engagement	Confirmation by the Audit Committee of acceptance of terms of engagement as written in the engagement letter signed by both parties.	The statement of responsibilities serves as the formal terms of engagement between the PSAA's appointed auditors and audited bodies.
Our responsibilities	Reminder of our responsibilities as set out in the engagement letter	The statement of responsibilities serves as the formal terms of engagement between the PSAA's appointed auditors and audited bodies.
Planning and audit approach	Communication of the planned scope and timing of the audit, any limitations and the significant risks identified.	Audit planning report
Significant findings from the audit	<ul style="list-style-type: none"> <li>• Our view about the significant qualitative aspects of accounting practices including accounting policies, accounting estimates and financial statement disclosures</li> <li>• Significant difficulties, if any, encountered during the audit</li> <li>• Significant matters, if any, arising from the audit that were discussed with management</li> <li>• Written representations that we are seeking</li> <li>• Expected modifications to the audit report</li> <li>• Other matters if any, significant to the oversight of the financial reporting process</li> </ul>	Audit results report
Going concern	Events or conditions identified that may cast significant doubt on the entity's ability to continue as a going concern, including: <ul style="list-style-type: none"> <li>• Whether the events or conditions constitute a material uncertainty</li> <li>• Whether the use of the going concern assumption is appropriate in the preparation and presentation of the financial statements</li> <li>• The adequacy of related disclosures in the financial statements</li> </ul>	Audit results report
Misstatements	<ul style="list-style-type: none"> <li>• Uncorrected misstatements and their effect on our audit opinion, unless prohibited by law or regulation</li> <li>• The effect of uncorrected misstatements related to prior periods</li> <li>• A request that any uncorrected misstatement be corrected</li> <li>• Material misstatements corrected by management</li> </ul>	Audit results report

## Appendix B

# Required communications with the Audit Committee (continued)

		 Our Reporting to you
Required communications	 What is reported?	 When and where
Subsequent events	<ul style="list-style-type: none"> <li>Enquiries of the audit committee where appropriate regarding whether any subsequent events have occurred that might affect the financial statements</li> </ul>	Audit results report
Fraud	<ul style="list-style-type: none"> <li>Enquiries of the Audit Committee to determine whether they have knowledge of any actual, suspected or alleged fraud affecting the entity</li> <li>Any fraud that we have identified or information we have obtained that indicates that a fraud may exist</li> <li>Unless all of those charged with governance are involved in managing the entity, any identified or suspected fraud involving:               <ol style="list-style-type: none"> <li>Management;</li> <li>Employees who have significant roles in internal control; or</li> <li>Others where the fraud results in a material misstatement in the financial statements</li> </ol> </li> <li>The nature, timing and extent of audit procedures necessary to complete the audit when fraud involving management is suspected</li> <li>Any other matters related to fraud, relevant to Audit Committee responsibility</li> </ul>	Audit results report
Related parties	<ul style="list-style-type: none"> <li>Significant matters arising during the audit in connection with the entity's related parties including, when applicable:               <ul style="list-style-type: none"> <li>Non-disclosure by management</li> <li>Inappropriate authorisation and approval of transactions</li> <li>Disagreement over disclosures</li> <li>Non-compliance with laws and regulations</li> <li>Difficulty in identifying the party that ultimately controls the entity</li> </ul> </li> </ul>	Audit results report

## Appendix B

# Required communications with the Audit Committee (continued)

		Our Reporting to you
Required communications	 What is reported?	  When and where
Independence	<p>Communication of all significant facts and matters that bear on EY's, and all individuals involved in the audit, objectivity and independence</p> <p>Communication of key elements of the audit engagement partner's consideration of independence and objectivity such as:</p> <ul style="list-style-type: none"> <li>• The principal threats</li> <li>• Safeguards adopted and their effectiveness</li> <li>• An overall assessment of threats and safeguards</li> <li>• Information about the general policies and process within the firm to maintain objectivity and independence</li> </ul> <p>Communication whenever significant judgements are made about threats to objectivity and independence and the appropriateness of safeguards put in place.</p>	Audit Planning Report and Audit Results Report
External confirmations	<ul style="list-style-type: none"> <li>• Management's refusal for us to request confirmations</li> <li>• Inability to obtain relevant and reliable audit evidence from other procedures</li> </ul>	Audit results report
Consideration of laws and regulations	<ul style="list-style-type: none"> <li>• Subject to compliance with applicable regulations, matters involving identified or suspected non-compliance with laws and regulations, other than those which are clearly inconsequential and the implications thereof. Instances of suspected non-compliance may also include those that are brought to our attention that are expected to occur imminently or for which there is reason to believe that they may occur</li> <li>• Enquiry of the audit committee into possible instances of non-compliance with laws and regulations that may have a material effect on the financial statements and that the Audit Committee may be aware of</li> </ul>	Audit results report
Internal controls	<ul style="list-style-type: none"> <li>• Significant deficiencies in internal controls identified during the audit</li> </ul>	Management letter/audit results report

## Additional audit information

### Objective of our audit

Our objective is to form an opinion on the Council's financial statements under International Standards on Auditing (UK) as prepared by you in accordance with with International Financial Reporting Standards as adopted by the EU, and as interpreted and adapted by the Code of Practice on Local Authority Accounting.

Our responsibilities in relation to the financial statement audit are set out in the formal terms of engagement between the PSAA's appointed auditors and audited bodies. We are responsible for forming and expressing an opinion on the financial statements that have been prepared by management with the oversight of the Audit Committee. The audit does not relieve management or the Audit Committee of their responsibilities.

### Other required procedures during the course of the audit

In addition to the key areas of audit focus outlined in section 2, we have to perform other procedures as required by auditing, ethical and independence standards and other regulations. We outline the procedures below that we will undertake during the course of our audit.

#### Our responsibilities required by auditing standards

- Identifying and assessing the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- Obtaining an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control.
- Evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Concluding on the appropriateness of management's use of the going concern basis of accounting.
- Evaluating the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtaining sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Council to express an opinion on the consolidated financial statements. Reading other information contained in the financial statements, the Audit Committee reporting appropriately addresses matters communicated by us to the Audit Committee and reporting whether it is materially inconsistent with our understanding and the financial statements; and
- Maintaining auditor independence.

## Additional audit information (continued)

### Other required procedures during the course of the audit (continued)

Procedures required by the Audit Code	<ul style="list-style-type: none"> <li>• Reviewing, and reporting on as appropriate, other information published with the financial statements, including the Annual Governance Statement.</li> <li>• Examining and reporting on the consistency of consolidation schedules or returns with the Council’s audited financial statements for the relevant reporting period</li> </ul>
Other procedures	<ul style="list-style-type: none"> <li>• We are required to discharge our statutory duties and responsibilities as established by the Local Audit and Accountability Act 2014 and Code of Audit Practice</li> </ul>

We have included in Appendix B a list of matters that we are required to communicate to you under professional standards.

### Purpose and evaluation of materiality

For the purposes of determining whether the accounts are free from material error, we define materiality as the magnitude of an omission or misstatement that, individually or in the aggregate, in light of the surrounding circumstances, could reasonably be expected to influence the economic decisions of the users of the financial statements. Our evaluation of it requires professional judgement and necessarily takes into account qualitative as well as quantitative considerations implicit in the definition. We would be happy to discuss with you your expectations regarding our detection of misstatements in the financial statements.

Materiality determines the level of work performed on individual account balances and financial statement disclosures.

The amount we consider material at the end of the audit may differ from our initial determination. At this stage, however, it is not feasible to anticipate all of the circumstances that may ultimately influence our judgement about materiality. At the end of the audit we will form our final opinion by reference to all matters that could be significant to users of the accounts, including the total effect of the audit misstatements we identify, and our evaluation of materiality at that date.

## EY | Assurance | Tax | Transactions | Advisory

### About EY

EY is a global leader in assurance, tax, transaction and advisory services. The insights and quality services we deliver help build trust and confidence in the capital markets and in economies the world over. We develop outstanding leaders who team to deliver on our promises to all of our stakeholders. In so doing, we play a critical role in building a better working world for our people, for our clients and for our communities.

EY refers to the global organization, and may refer to one or more, of the member firms of Ernst & Young Global Limited, each of which is a separate legal entity. Ernst & Young Global Limited, a UK company limited by guarantee, does not provide services to clients. For more information about our organization, please visit [ey.com](http://ey.com).
