Item 7: **To agree the frequency of meetings**

The group agreed that the LCN should meet every two months but need to evaluate and add meetings or lessen if needed.

It was also agreed that depending on the support available working groups could be set up to consider topics suggested and then to report back to main LCN meetings.

Item 8: **The schedule of meetings for the next 12 months**

it was noted that the timetable of meetings for the year was being drawn up at present and will need to take into account the other LCNs.

Members requested that all the priorities and themes for the other LCNs would be distributed and put on the website as some LCNs may have the same priorities and so could have joint working groups or briefings.
