To be proposed by Cllr Dave Mansell and seconded by Cllr Leigh Redman.

Transformation Business Case

That Full Council:

- Notes the outline Business Case for transformation presented to the Executive on 7 February 2024 and that transformation is referenced in the DLUHC letter shown in Appendix 13. Transformation proposes to re-size the council so that it focuses only on the unique value the council can provide and to reduce the workforce by over 1,000 (20-26%).
- Expresses concern about the ability to deliver, implications and potential outcomes of the changes planned from transformation.
- Calls for the Executive to consider feedback on transformation from the Corporate and Resources Scrutiny Committee at the earliest opportunity.
