- £0.2m was distributed by SWRVF.
- £0.7m was withdrawn from Neuberger Berman private equity.
- £4.7m was added to the Brunel private equity fund as the underlying investments continued to drawdown on commitments.

16.9 The change in the value of the investment fund over the last three years can be seen in the graph below.

16.10 The Fund's Actuary, Barnett Waddingham, have provided the following update.

"The results of our assessment indicate that:

- The current projection of the smoothed funding level as at 31 December 2023 is 89.8%
- This compares with the reported (smoothed) funding level of 95.2% at the 2022 funding valuation.

It should be borne in mind that the nature of the calculations is approximate and so the results are only indicative of the underlying position.”

17. Pooling Update

- 17.1 Under guidance published by the Government on “LGPS: Investment Reform Criteria and Guidance” in November 2015 we are required to work towards the pooling of the Fund’s investment assets with other LGPS funds with pooling beginning in April 2018.
- 17.2 For the purposes of pooling Somerset Council has aligned itself with 9 other funds in South West England and worked with those funds to create an FCA regulated investment Company, Brunel Pension Partnership Ltd. (BPP).
- 17.3 Somerset largely completed its transition of assets to Brunel in summer 2021, with only some legacy private equity investments and cash not invested via the pool. Progress on moving to pooling can be seen in the table and graph below.
