

# Council Partnership Funding Summary

SC Funding source	Amount £m	Comments
Flood defence tariff/s.106 - collected	1.2	This is the value of funds currently held.
Flood defence tariff/s.106 - secured	1.5	This is primarily a contribution from NE Bridgwater, part of this site is occupied by EDF campus
Community Infrastructure Levy (North) (20% ring fenced)-collected	2.4	This is 20% of all CIL collected up to March 2023.
Town Fund	2	Funding agreement signed
Levelling up Fund Bid	2	To be spent by March 2026
<b><u>Secured/collected sub total</u></b>	<b>9.1</b>	
Gravity Investment Plan	2	Subject to Council approval of funding arrangements for Investment Plan
Community Infrastructure Levy (North) (20% ring fenced)-projected 2023/4- 2028/9	3.9	This excludes all windfall development (small sites under 5 units). CIL will be reviewed/replaced in parallel with new local plan to align with any updated infrastructure priorities.
<b><u>Projected/anticipated sub total</u></b>	<b>5.9</b>	
<b><u>Total indicative funding available to 2028</u></b>	<b>15</b>	This figure suggests some flexibility around the partnership contribution if CIL is collected in line with projections. S.106 funds are unlikely to be paid before 2028 due to delay in Hinkley and continued use of temporary accommodation – this is an impact of worker uplift and HPC delay.
