

# Appendix 1: Planning Services Performance in Somerset Council – report to Strategic Planning Committee on 17 March 2025

This appendix sets out the performance data for the development management service in Somerset provided on a quarterly basis to the Strategic Planning Committee. It includes information on the volume of work received by each of the area teams and the waste and minerals team and reports the information published nationally on a quarterly basis on the meeting of the national targets.

It is important to bear in mind that the Government has three measures of application performance which the Council must remain within the stated thresholds. If we breach these thresholds the Council will be designated as a poorly performing planning authority and developers will then have the option of applying directly to the Planning Inspectorate for planning permission. This would mean that the Council does not get the fee income for that application but is still required to undertake the consultation. In addition the democratic right to determine the application is lost. The current thresholds to be met assessed are assessed against a two-year rolling period and are:

- [Majors applications](#) performance of at least 50%;
- [Minor](#) and [Other applications](#) performance of at least 70%
- Appeals lost (to be below 10% in both categories).

The information provided in this appendix also includes data on the applications and other areas of work not reported in the national statistics in order to provide a more rounded picture of the workload. Information is also included on enforcement complaints. Finally the information provided includes the Five-Year Housing Land Supply and Housing Delivery Test position.

## 1. Number of planning applications received by Somerset Council by area from Q4 2021/22 to Q3 of 2024/25

- 1.1 The following charts show the total number of planning applications received by quarter from Q4 2021/2022 to Q3 2024/2025 for each of the Area Teams (former district councils) and the Minerals and Waste Team. The data includes only PS1 applications ([Major](#), [Minors](#) and [Other](#) applications) and County Matters applications (Minerals, Waste and Other), which are recorded separately on CPS1 and CPS2 forms and which form the basis of the national data collected on a quarterly basis by Government.
- 1.2 Not included in these returns are other applications and processes which form a substantial volume of work. The data does not include discharge of conditions, approval of details, tree applications, non-material amendments (NMAs); pre-application enquiries, scoping and screening enquiries, post application work on Section 106 agreements.

**Table 1: Number of planning applications received by quarter and included in the government returns from 2020/21 to Q3 of 2024/25 by area team.**

|                  | 2021/22 |             | 2022/23 |     |     |     |             | 2023/24 |     |     |     |             | 2024/25 |     |     |
|------------------|---------|-------------|---------|-----|-----|-----|-------------|---------|-----|-----|-----|-------------|---------|-----|-----|
|                  | Q4      | Total       | Q1      | Q2  | Q3  | Q4  | Total       | Q1      | Q2  | Q3  | Q4  | Total       | Q1      | Q2  | Q3  |
| Area North       | 259     | <b>1148</b> | 307     | 219 | 308 | 282 | <b>1116</b> | 204     | 167 | 210 | 275 | <b>847</b>  | 172     | 185 | 166 |
| Area East        | 353     | <b>1394</b> | 339     | 301 | 224 | 265 | <b>1129</b> | 330     | 297 | 306 | 312 | <b>1245</b> | 238     | 263 | 251 |
| Area South       | 431     | <b>1680</b> | 427     | 365 | 308 | 378 | <b>1478</b> | 327     | 332 | 311 | 335 | <b>1305</b> | 276     | 241 | 322 |
| Area West        | 353     | <b>1441</b> | 321     | 327 | 297 | 282 | <b>1227</b> | 297     | 235 | 252 | 258 | <b>1042</b> | 260     | 207 | 226 |
| Minerals & Waste | 1       | <b>22</b>   | 5       | 5   | 2   | 4   | <b>16</b>   | 4       | 3   | 8   | 4   | <b>19</b>   | 3       | 2   | 3   |

**Chart 1: Number of planning applications received by quarter for the area teams from Q4 of 2021/22 to Q3 of 2024/25**

**2. Number of applications on hand at the start, received, determined and on hand at the end of each quarter by area team from Q4 of 2021/22 to Q3 of 2024/25**

2.1. The data for each of the area teams below shows the number of applications on hand at start of each quarter, those received, determined, withdrawn and on hand at the end from Q4 of 2021/22 to Q3 of 2024/25. Noting that this is only those applications included in the PS returns to government (PS1)<sup>1</sup> and therefore only a partial picture this information is useful because it shows how the teams are managing the volume of work. If the number of applications on hand at the end of each quarter is greater than the number of applications received then there is evidence of a backlog of applications and by looking over a period of time it is possible to ascertain trends.

*Chart 2: Number of applications on hand at start, received, determined and on hand for each quarter for Area North from Q4 of 2021/22 to Q3 of 2024/25*

<sup>1</sup> PS1 applications include applications for planning permission, S73, listed building consent, adverts but do not include non material amendments, discharge of conditions, trees, prior approvals, hazardous substance consents, certificates of lawful development, screening and scoping opinions

**Chart 3: Number of applications on hand at start, received, determined and on hand for each quarter for Area East from Q4 of 2021/22 to Q3 of 2024/25**

**Chart 4: Number of applications on hand at start, received, determined and on hand for each quarter for Area South from Q4 of 2021/22 to Q3 of 2024/25**

**Chart 5: Number of applications on hand at start, received, determined and on hand for each quarter for Area West from Q3 of 2021/22 to Q2 of 2024/25**

**Chart 6: Number of applications on hand at start, received, determined and on hand at end for each quarter for Minerals and Waste from Q4 of 2021/22 to Q3 of 2024/25**

### 3. Number of major, minor and other applications and percentage of decisions determined within the national targets

3.1 The performance of local authorities in determining applications is measured nationally and reported quarterly via statistical returns to the Department for Levelling Up, Housing and Communities. The data reported records the extent to which planning applications are determined within the targets and includes those subject to bespoke timetables set through Planning Performance Agreements and/or extension of time agreements. The Government has set targets for the determination of planning applications as follows:

- Determine 65% of [major applications](#)<sup>2</sup> within 13 weeks (or 16 weeks in the case of EIA development);
- Determine 75% of [minor applications](#)<sup>3</sup> within eight weeks;
- Determine 85% of [other applications](#)<sup>4</sup> within eight weeks

3.2 Where the local planning authority are not adequately performing in relation to the determination of major<sup>5</sup> and non major<sup>5</sup> development the authority can be designated. For unitary authorities both district and county matter applications will be assessed separately. The Government's approach to measuring the performance of authorities was introduced by the Growth and Infrastructure Act 2013 and is based on assessing performance on the speed and quality of their decisions on applications for major and non-major development. Where an authority is designated as underperforming applicants have the option of submitting their applications directly to the Planning Inspectorate for determination.

3.3 The data for percentage of decisions in time against national targets displayed below is separated into Major, Minor and Other decisions and based on the national targets and should be considered against the target of 65% of major applications determined within 13 weeks for Major applications (or with an extension of time or agreed planning performance agreement) and a target of 75% of minor applications within 8 weeks (or with agreed extension of time) and 85% of other applications within 8 weeks (or with agreed extension of time).

3.4 The data below for majors determined within 13 weeks includes applications with an EIA, which are determined within a longer timeline of 16 weeks.

---

<sup>2</sup> Major applications – 10 or more dwellings, site area of 0.5 hectares or more, floorspace of 100sq metres or more or development on a site having an area of 1 hectare or more

<sup>3</sup> Minor applications – 1- 9 dwellings, floorspace is less than 1,000 square metres

<sup>4</sup> Other applications – householder development

<sup>5</sup> Major (district) and non-major development definition: [Planning Applications \(s62A\) - GOV.UK](https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/342221/Planning_Applications_(s62A)_-GOV.UK.pdf) ([www.gov.uk](http://www.gov.uk))

| Minor decisions % in 8 weeks  | 92.6    | <b>93.4</b> | 91.4    | 92.9 | 94.2 | 95.5 | <b>93.7</b> | 92.6    | 96.5 | 96.5 | 93.1 | <b>94.4</b> | 68.2    | 86.8 | 75.4 |
| Other decisions               | 176     | <b>674</b>  | 123     | 187  | 155  | 153  | <b>618</b>  | 119     | 108  | 90   | 147  | <b>464</b>  | 145     | 163  | 127  |
| Other decisions % in 8 weeks  | 96.6    | <b>96.6</b> | 95.9    | 98.9 | 98.1 | 98   | <b>97.9</b> | 95.8    | 99   | 98.9 | 98   | <b>97.8</b> | 88.3    | 96.3 | 92.1 |

Chart 11: Number of major, minor and other decisions and percentage meeting the national targets for Area West from Q4 of 2021/22 to Q3 of 2024/25 by quarter

*Table 6: Percentage of decisions for major applications in time with national targets for County Matters on a two-year rolling average compared to England average (Government Table P151b)*

| <b>Majors Determined</b>  | <b>Two year rolling figure: 24 months to the end of September 24</b> |
|---------------------------|--|
| England                   | 92.2   |
| Somerset Minerals & Waste | 93.3   |

3.5 The two-year rolling figures for percentage of decisions determined within the national target or agreed time are shown in Table 7 for all Areas and for County Matters. The data reflects the previous 24 months up to the end of March – the data for the former Districts is no longer published nationally so this has been prepared for internal purposes only. The published data is now Somerset wide and is for the first quarter of 2023/24 only and so does not reflect the previous 24 months and will not do so the first quarter of 2025/26. The threshold for designation by government is not making 50% or more decisions on major applications in time or 70% of minor or other applications in time.

*Table 7: Two-year rolling period figure vs. England average for decisions determined within national target or agreed time to end of September 2024 (Government tables P151a & P153)*

| <b>All Areas rolling annual % vs. rolling annual % for England for 24 months to end of September 2024</b> | <b>Major decisions (% within 13 weeks or within agreed time)</b> | <b>Minor decisions (% within 8 weeks or within agreed time)</b> |
|---|--|---|
| <b>England</b>  | 89.5   | 88.7  |
| Somerset (Starting April 23)  | 79.9   | 89.7  |
| Area East (Mendip – Historic only to end March 23)  | 75.0   | 87.2  |
| Area North (Sedgemoor – Historic only to end March 23)  | 83.6   | 97.0  |
| Area West (Somerset West and Taunton – Historic only to end March 23)                                     | 75.0   | 80.2  |
| Area South (South Somerset – Historic only to end March 23)   | 86.2   | 81.1  |

#### **4. Number of prior approval applications and other applications not included in the national performance data**

4.1 Due to differing computer systems in operation and differences in the recording of applications for the discharge of conditions, this data is not included in the information in order to ensure consistency. The applications in this data set therefore relate the non PS1 data including adverts and tree applications.

4.2 The data in the tables below set out Prior Approval and other applications received by Area and not included in the government returns. This data set is not relevant for Minerals and Waste.

## 5. Number of pre-application enquiries

5.1 The data sets out pre-application enquiries received by Area and for Minerals and Waste. This is set out in Table 12 below.

5.2 Data includes pre-applications received and valid as this reflects the volume of work. The data does not include 'DO I' for Area West which operated a service for simple requests to advise as to whether planning permission was required.

*Table 12: Number of pre-applications received by quarter for all Areas from Q4 of 2021/22 to Q3 of 2024/25*

|                  | 2021/22 |       | 2022/23 |     |     |     |       | 2023/24 |     |    |    |       | 2024/25 |     |     |

*Chart 17: Number of pre-applications received for all Areas by quarter from Q4 of 2021/22 to Q3 of 2024/25*

## 6. Total number of appeal decisions and percentage of appeals where the decision was allowed by the Planning Inspectorate

6.1 This section sets out the total number of appeal decisions received on an annual basis and the percentage that have been dismissed/allowed. The data below provides details on the number of appeals heard by way of written representatives, hearings and inquiries.

6.2 For context, the overall national average is 61% dismissed calculated using [National Government's Casework Database](#) by dividing the number of appeals dismissed by the total number of appeals. Figures for percentage dismissed higher than 61% are therefore exceeding the national average. Those cases dismissed are where the Inspector agrees with the Council's decision meaning that officer and member decisions are being supported.

*Table 13: Total appeal decisions split by number of written reps, hearings, inquiries and the percentage dismissed/allowed on an annual basis for Area North*

|         | No. of written reps | No. of hearings | No. of inquiries | No. dismissed | % dismissed | No. allowed | % allowed | Total decisions |
|---------|---------------------|-----------------|------------------|---------------|-------------|-------------|-----------|-----------------|
| 2020/21 | 26                  | 1               | 0                | 20            | 74.07%      | 7           | 25.93%    | <b>27</b>       |

Chart 22: Number of appeal decisions received by quarter and percentage of appeal decisions allowed for Minerals & Waste annually from 2020/21 to 2024/25

6.3 Minerals and Waste have only received one appeal since 2020/21 which was dismissed.

## 7. Enforcement

7.1 Local Planning Authorities have a discretionary power to take enforcement action where unauthorised development has taken place and it is considered expedient to do so. The Government advice urges negotiation in the first instance to try to resolve enforcement issues except in the most serious cases and local planning authorities are advised to act in a proportionate way appropriate to the level of harm caused by the development. The Council recognises that effective enforcement is an important means of maintaining integrity and public confidence of the development management process. In February 2023 the Council adopted an enforcement policy [SCC - Public - Somerset Planning Enforcement Policy.pdf - All Documents \(sharepoint.com\)](#). This sets out the priority level that will be given to complaints and is essential given the high number of allegations of breaches of planning control received each year. Some complaints will require no further investigation because we identify that planning permission already exists for the work, that planning permission was not required or that enforcement action is not proportionate to the level of harm caused by the breach.

### **Enforcement cases on hand at the end of each quarter and cases resolved/closed in each quarter**

7.2 For the purposes of this report the figures for number of cases on hand at the end of each quarter are the number that were on hand from the date the report was run as at 30<sup>th</sup> June 2024.

7.3 The report for enforcement cases on hand can only be run at one point in time. The information cannot be backdated. Future reports will include data for enforcement cases on hand for each quarter as they will have been recorded.

*Table 18: Number of enforcement cases on hand at the end of the quarter for all Areas from July 2023/24 to December 2024/25*

|                    | Jul-Sep 23 | Oct-Dec 23 | Jan-Mar 24 | Apr-Jun 24 | Jul-Sep 24 | Oct-Dec 24 |

## 8. Five Year Housing Land Supply and Housing Delivery Test results

8.1 Somerset Council sets out the Five Year Housing Land Supply (5YHLS) by the former District Council Local Planning Authority areas in Table 20 below with Area West split into the former Taunton Deane and West Somerset areas as these are the relevant adopted local plans.

8.2 The 5YHLS calculation (number of years supply) is based on the 'Total Deliverable dwellings' divided by the annual average '5 Year Requirement' rate. In accordance with Paragraph 73 of the NPPF the Council is required to identify and update annually a supply of specific deliverable sites with an appropriate buffer. The purpose of the 5 year housing land supply (5YHLS) is to provide an indication of whether there are sufficient sites available to meet the housing requirement. As the planning policy which covers the former Somerset West Area is more than 5 years old the Local Housing Requirement is calculated based on the Standard Method with a buffer set by the Housing Delivery Test Measurement results.

*Table 20: Five Year Housing Land Supply Calculations by Area*

| <b>Combined Five Year Housing Land Supply Calculation</b> | <b>Years</b>      |
|---|-------------------|
| Area North (Sedgemoor) - 2021                             | 5.4 (provisional) |
| Area East (Mendip) - 2022                                 | 2.21              |
| Area South (South Somerset) - 2022                        | 2.11              |
| Area West (Taunton Deane) - 2023                          | 3.1 (Feb 2025)    |
| Area West (West Somerset) - 2023                          | 3.73              |

*Chart 25: Five-Year Housing Land Supply results by Area with target*

*Table 21: Area North Five Year Housing Land Supply Calculation*

| <b>Housing Supply &amp; Delivery Data</b>            | <b>Data from 2023 and 2024</b> |
|--|--------------------------------|
| 5 Year Supply Requirement 2024-2029 (incl 5% buffer) | 4,335                          |
| Total Deliverable Supply                             | 4,686                          |

|                     |     |
|---------------------|-----|
| No. of Years Supply | 5.4 |
|---------------------|-----|

NB Area North figure is provisional as it is currently being revised. It is likely that the 5YHLS figure will fall below 5years.

*Table 22: Area East Five Year Housing Land Supply Calculation*

| <b>Housing Supply &amp; Delivery Data</b>             | <b>Data from 2024</b> |
|---|-----------------------|
| 5 Year Supply Requirement 2024-2029 (incl 20% buffer) | 5,435                 |
| Total Deliverable Supply 2024-2029                    | 2,406                 |
| No. of Years Supply                                   | <b>2.21</b>           |

|--|-----------------------|
| 5 Year Supply Requirement 2024-2029 (incl 5% buffer) | 5,465                 |
| Total Deliverable Supply 2024-2029                   | 2,303                 |
| No. of Years Supply                                  | <b>2.11</b>           |

*Table 24: Area West (Taunton Deane) Five Year Housing Land Supply Calculation*

| <b>Housing Supply &amp; Delivery Data</b>            | <b>Data from 2025</b> |
|--|-----------------------|
| 5 Year Supply Requirement 2024-2029 (incl 5% buffer) | 4085                  |
| Total Deliverable Supply 2024-2029                   | 2,549                 |
| No. of Years Supply                                  | <b>3.1</b>            |

*Table 25: Area West (West Somerset) Five Year Housing Land Supply Calculation*

| <b>Housing Supply &amp; Delivery Data</b>            | <b>Data from 2024</b> |
|--|-----------------------|
| 5 Year Supply Requirement 2024-2029 (incl 5% buffer) | 1,478                 |
| Total Deliverable Supply 2024-2029                   | 1,102                 |
| No. of Years Supply                                  | <b>3.73</b>           |

8.3 To ensure that there is a realistic prospect of achieving the planned level of housing supply, the local planning authority should always add an appropriate buffer to its 5 year housing land supply.

#### Housing Delivery Test

8.4 The Housing Delivery Test is an annual measurement of housing delivery in the area of relevant plan making authorities published by DLUHC. The latest test results for the Housing Delivery Test measurement were published on 12 December 2024 for the period up to 2022/23.

8.5 The Housing Delivery Test compares the net homes delivered over 3 years to the homes required over the same period. Housing requirements are set by the Local Plan where less than five years old from adoption, or the national standard method in the NPPF. From the day following the publication of the Housing Deliver Test measurement where delivery of housing has fallen below the housing requirement the following consequences apply:

- Below 95% - publish an action plan,
- Below 85% - 20% buffer on housing requirement in 5YHLS and publish an action plan,

Below 75% - application of presumption in favour of sustainable development<sup>6</sup>, 20% buffer on housing requirement in 5YHLS and publish an action plan.

8.6 The following data summarises the number of homes delivered and Housing Delivery Test result for each Area.

*Table 26: Housing Delivery Test results 2018-2023 for Area North*

| <b>Table 9.7 - Area North (SDC)</b> |                        |                       |
|-------------------------------------|------------------------|-----------------------|
| Year                                | No. of homes delivered | Housing Delivery Test |
| 2018/2019                           | 684                    | 127%                  |
| 2019/2020                           | 590                    | 126%                  |
| 2020/2021                           | 429                    | 128%                  |
| 2021/2022                           | 644                    | 110%                  |
| 2022/2023                           | 644                    | 115%                  |

<sup>6</sup> Paragraph 11 of the National Planning Policy Framework

Chart 26: Housing Delivery Test results 2018-2023 for all Areas

### Housing Delivery Test Action Plans

8.7 Where an LPA's HDT measurement falls below 95% they are required to produce an Action Plan. The purpose of the Action Plan is to identify the reasons for under delivery, to explore ways to reduce future risk and set out measures to improve delivery.

8.8 The latest [Planning West area HDT Action Plan was published in December 2022](#). It analysed the former West Somerset Council LPA and former Taunton Deane Borough Council LPA. These are very different housing market areas.

8.9 The fall in delivery in the former West Somerset LPA correlates with a year immediately following the completion of 5 medium/large sites and a lag before construction commenced on new sites. In addition, the former West Somerset Council LPA has a low local housing requirement. As such a small reduction or increase in the number of dwellings delivered has a greater statistical effect on the HDT Measurement.

8.10 The fall in delivery in the former Taunton Deane Borough Council LPA was triggered by the August 2020 letter from Natural England about high levels of

phosphates in the Somerset Levels & Moors Special Protection Area (SPA), which has caused delays to the granting of planning permission. Since 2020 significant work around legal advice, guidance, technical tools, and solutions has enabled small and medium sites to progress. In addition, a number of strategic development sites have secured on-site mitigation solutions or are in advance discussions on an agreed solution with Natural England.

8.11 Area East is required to produce an Action Plan in light of the HDT Measurement published Dec 2024.

## **Definitions**

### **Major Development**

10+ dwellings / over half a hectare / building(s) exceeds 1000m<sup>2</sup>  
Office / light industrial - 1000+ m<sup>2</sup> / 1+ hectare  
General industrial - 1000+ m<sup>2</sup> / 1+ hectare · Retail - 1000+ m<sup>2</sup>/ 1+ hectare  
Gypsy/traveller site - 10+ pitches  
Site area exceeds 1 hectare

### **Minor Development**

1-9 dwellings (unless floorspace exceeds 1000m<sup>2</sup> / under half a hectare  
Office / light industrial - up to 999 m<sup>2</sup>/ under 1 hectare  
General industrial - up to 999 m<sup>2</sup>/ under 1 Hectare  
Retail - up to 999 m<sup>2</sup>/ under 1 hectare  
Gypsy/traveller site - 0-9 pitches

### **Other Development**

Householder applications  
Change of use (no operational development)  
Adverts  
Listed building extensions / alterations  
Listed building demolition  
Application for relevant demolition of an unlisted building within a Conservation Area  
Certificates of Lawfulness (191 and 192)  
Notifications  
Permissions in Principle (PiP) and Technical Detail Consent (TDC)

### **PS2 Applications**

Full Planning Permission Applications (including Householder applications)  
Outline Planning Permission Applications  
Reserved Matters Planning Permission Applications  
Listed Building Alterations Applications  
Listed Building Demolitions Applications  
Conservation Area Consent for Demolition Applications  
Permission in Principle Planning Applications  
Technical Details Consent Applications (these follow on from Permission in Principle Applications)  
Advertisement Consent Applications  
Telecommunications Full Planning Applications (these are Full Telecommunications Planning applications, not to be confused with Telecommunications

Notifications/Prior Approvals) – others may include this within Full Planning Permission Applications

**Non-PS Application types**

Removal of Hedgerows

Works to Trees

Works to Trees in a Conservation Area

High Hedges Applications

Hazardous Substances Consent

Hazardous Substances Deemed Consent

Modification/Discharge of Planning Obligations

Non Material Amendments

Scoping Opinions

Screening Opinions

Discharge of Conditions (but we cannot quantify these)
