## **Introduction**

Beyond the end of Year 11 (or aged 16), Somerset Council does not have a statutory duty to provide home to school (including academies and free schools)/college transport free of charge for students aged 16 to 19. However, in order to promote access to education and opportunities for all young people in the County, Somerset Council will provide travel options for students aged between 16 and 19 to access continued education, Post 16 education at a sixth form school, further education establishment, a Local Authority commissioned learning provider or attending College.

Somerset Council, in consultation with stakeholders, works to ensure that the individual needs of young people are paramount, whilst balancing equality of access to education and training opportunities with value for money by:

- Developing a collective strategy relating to post 16 school/college travel assistance within the context of Government, EFA (Education Funding Agency) and Somerset Council strategies
- Identifying gaps in travel provision and filling those gaps to improve accessibility to education and to maximise choice of learning venue
- Improving travel information for all young people and adult learners
- Discussing priorities with local education and training providers
- Focusing on improving travel for learners with learning difficulties and/or disabilities by providing subsidised specialised travel assistance where eligible or through the Somerset Independent Travel Training Scheme to increase the independence for this group of learners
- Improving travel links in deeply rural areas by maintaining the provision of demand responsive travel schemes and affordable access to learning for young people, improving their employment opportunities and reducing social exclusion
- Enabling travel provision to remove barriers to learning and training for those from vulnerable groups and/or those most likely not to be in education employment or training

## **Student Tickets**

For those students needing to travel via public transport, purchasing one of the ticket options offered by the public transport operators would be most cost-effective. Details of the individual operators and ticket options can be found below on pages 6

and 7. Please note, if your journey **from your home address to college** normally requires you to change routes to access College **and through fares are not available**, please contact the Public Transport Team at Somerset Council via [transport@somerset.gov.uk](mailto:transport@somerset.gov.uk) and we will look at options to ensure that you only pay one fare.

For those students attending Post 16 provision at either a Local Authority Sixth form school or an Academy, there is the option of applying for a paid seat on the contracted school bus where there is space available.

It is important to note that there is no guarantee of seat availability as this can only be accommodated where there is sufficient capacity within Public Service Vehicle Accessibility Regulations (PSVAR).

**Students are recommended to have a contingency plan if their request cannot be accommodated.**

Where the Local Authority can accommodate Post 16 pay seats to sixth form schools and academies, the charge for this ticket is TBC for the academic year 2025/26.-This charge is reviewed annually and increased in line with CPI. There is a direct debit option available to enable students to spread the payment over the year. Students are advised to check the attendance requirements of their 6th form College from September to determine whether this is the most cost-effective option. To apply for a seat on the contracted school bus, please use the standard pay seat application form (see link below) but **mark clearly on your application that it is for 6th form travel.**

[Request school transport on a paying basis \(somerset.gov.uk\)](https://www.somerset.gov.uk)

### **Student Ticket Offers available for the 2025/26 Academic Year –**

Please note that all bus service details and fares (where available) are correct at the time of publication in May 2025.

**At the time of consultation all ticket prices are to be confirmed.**

Public bus operators offer a range of tickets, with some operators offering daily tickets, as well as ticket bundles. The list below is not comprehensive, and you are strongly advised to contact the operator of the service you intend to use directly or

visit their website to check single, day return and any other season tickets they may be able to offer you. The contact details for all bus operators are listed on pages 20 and 21 of this policy document.

For further information on Public Transport provision in Somerset, help with journey planning and using the services available please visit the Think Travel website, a link is provided on page 16.

### **First South West**

First South West offer various ticket options including ticket bundles, a weekly ticket and an mticket (which can be purchased through the mobile phone mticket App). Local town zone tickets and bundles are available for Taunton, Bridgwater and Yeovil. Please visit the First South West website for more information on ticket options and fares or contact the operator.

### **Hatch Green Coaches**

A £5.40-day return ticket will be available on college days only for bus services 10C, 19, 23, 23B, 51, 95, 613 and 624.

For all other Hatch Green bus services please contact the operator.

### **First West of England**

Young people (16-21) and students (of any age if in full time education) can get a discounted rate on all tickets across the West of England (Bristol, Bath, Weston-super-Mare & Wells).

Students must be in full time education and can show any student photo ID in order to purchase these specific student tickets.

Further details can be found on the First West of England website or contact the operator.

### **South West Coaches**

A £5.40-day return ticket will be available on college days only for bus services 646, 647, 648, and 652.

For all other South West Coaches bus services please contact the operator.

### **Libra Travel**

A £5.40-day return ticket will be available on college days only for bus services 31, 668, 519, 649 and 669.

For all other Libra Travel bus services please contact the operator.

### **Bakers Dolphin Coaches**

A £5.40-day return ticket will be available on college days only for bus services 62 and 66.

For all other Bakers Dolphin bus services please contact the operator.

**Isle Valley**

A £5.40-day return ticket will be available on college days for bus service 4.

**FromeBus**

For FromeBus services please contact the operator.

**Stagecoach**

Stagecoach operate bus service 20 from Seaton to Taunton via Honiton.

For ticket options please contact the operator.

**Somerset Accessible Transport (The Council's In-house Fleet)**

A £5.40-day return ticket will be available on college days only for bus services 19 and X25.

Local town zone tickets are currently available for Taunton.

For all other services operated by Somerset Council please contact the Somerset Accessible Transport Team

DRAFT

## Financial Support for Post 16 Students

### 16-19 Bursary Fund

If you're aged between 16 and 19 years and think you might struggle with the costs for full-time education or training, you can apply to your college for a bursary. There are two types of 16-19 bursary:

1. A bursary of £1,200 per year if you are vulnerable.

The definition of 'vulnerable' includes those students where at least one of the following applies:

- You are in or recently left Local Authority care.
- You get Income Support or Universal Credit because you're financially supporting yourself.
- You get Disability Living Allowance (DLA) in your name and either Employment and Support Allowance (ESA) or Universal Credit.
- You get Personal Independence Payment (PIP) in your name and either ESA or Universal Credit.

**If you qualify, the bursary will be paid direct from your school or college.**

2. A discretionary award if you are facing financial barriers.

This can include if you are having difficulty in meeting the costs of transport, meals, books and/or equipment. Your college or training provider is responsible for deciding who is eligible, how you get your bursary, how much to pay and how regularly it will be paid. The college or training provider will usually want to see evidence, for example a letter regarding your benefits

If you have any concerns following the college's decision regarding your application for a bursary then please contact Transporting Somerset within the Local Authority.

### Discretionary Support Funds

Funding bodies give colleges money so that they can make hardship grants available to their students. These funds are aimed at helping disadvantaged students with the costs of further education, for example, because they have a low income or have a disability.

Each college has their own policy on who is eligible for funding and what they will provide grants for. Grants can cover the cost of:

- childcare and related transport costs
- course related books and equipment
- transport to and from college
- course field trips
- examination fees.

Please contact your Student Support or Welfare Officer at the college for further information and help in applying.

### **Care to Learn Bursaries**

The intention of Care to Learn (C2L) provides help for young parents (defined as those aged under 20 at the start of their course) to continue in education after the birth of a child. It provides funding for childcare whilst the young parent is engaged in a study Programme and is not able to provide care for their child. C2L can also help with travel costs involved in taking the child to the childcare provider. For further information and an application form visit <https://www.gov.uk/care-to-learn>

### **Support available from Colleges in Somerset**

This will vary between Colleges. At the time of publication, information relating to support and bursaries was not available from the main FE Colleges for the 2025/26 academic year. Students are advised to contact the College direct, contact details are provided on pages 17-19.

### **Support available from Somerset Council**

Petrol allowances are available at 18 pence per mile up to a limit of £135.00 per annum for young people living more than three miles from their nearest bus stop to gain access to and from the local bus network. These allowances are not means tested. Students can request an application form for the petrol allowance via email to [transport@somerset.gov.uk](mailto:transport@somerset.gov.uk) or telephone 0300 123 2224

Students who are recent Care Leavers and require financial assistance should contact their social worker or leaving care worker, and/or their College. The College will be able to provide advice on bursaries available.

### **Special Educational Needs and/or Disabilities (SEND) aged 16-25**

Whilst transport is not automatically provided for learners with a learning difficulty and/or disability (SEND), additional consideration for support is given when their learning difficulty or disability makes travel assistance essential, or they must travel much further from home to attend a school or college which can meet their needs.

The council considers requests for assistance against the published criteria. For learners with an Education, Health & Care Plan (EHCP) the annual review process will provide an opportunity to discuss the young person's transition to Post 16 education and to take travel implications and be mindful of Policy into account when making decisions.

### **Who is eligible for travel support?**

Support will only be considered for learners with learning difficulties and/or disabilities who are studying on a full-time basis (over 540 guided learning hours for the academic year) at their nearest school or college which can meet their educational needs; and is over the 3-mile statutory walking distance. This covers learners who are:

- Attending a setting named which is their nearest in their EHCP and completing a specialist or non-specialist course.

### **Travel support offered to eligible learners.**

In line with the council's focus on ability, not disability, support is provided to enable learners to travel as independently as possible, and assistance is provided as detailed below:

- All eligible learners will be offered Independent Travel Training as a form of assistance.
- If the learner is unable to travel on a bus with the support outlined above, the council will discuss the payment of a Personal Travel Payment (PTP) with the learner and their family. The Personal Travel Payment will be the council's contribution towards the cost of the learner's travel arrangements and will be paid direct to the learner or their family. It will be the responsibility of the learner or their family to make the travel arrangements that are best suited to their needs and circumstances, which can be adapted later if necessary.

Travel assistance will be reviewed annually in line with the learner's EHCP review to ensure that the correct level of provision is in place. It is acknowledged that some families will have exceptional circumstances, and there is a process for reviewing the support available, based on evidence provided by the relevant professionals.

Learners requesting a Personal Travel Payment to attend a course commencing in September will be informed individually of the level of assistance to be paid to the young person or their family by the council once their application has been assessed. The payment is paid monthly in advance over 11 months and will be based on

journeys completed as validated by the attendance register. Regular reconciliations are carried out throughout the year to compare attendance against payments made, and adjustments to the budget will be made as necessary. The council must be informed immediately of anything that effects attendance such as change of timetable or periods of sickness.

As with Independent Travel Training it may also be recognised that a Personal Travel Payment may not be appropriate for all young people and the council may continue to consider providing council-organised travel assistance such as a mini-bus in areas where lots of students access their local College and may have profound and significant difficulties, on a discretionary basis in exceptional circumstances. This policy retains a power of discretion to appropriately and justly award travel assistance of any type.

All eligible students that are awarded a type of transport by the council will have to pay a contribution of **TBC** for the 2025/26 academic year (£971.00 was the contribution amount for the 2024/25 academic year). This contribution is reviewed annually and increased in-line with CPI (Consumer Price Index). For applications received after the start of term the full contribution amount will still apply.

### **Support for SEND students aged 19-25 (Adult learners)**

Applications for students with learning difficulties and/or disabilities aged between 19 and 24 years of age for travel assistance will be considered on an individual basis for a first course of study only. Travel assistance will not be agreed for a change of course. This is for students with the most severe disabilities with no other means of transportation. A new application will need to be made for each Academic year of study for travel assistance to be reviewed and continued, where eligible.

An assessment will be made of the application taking account of this Travel Policy Statement detailed above, the particular circumstances of the applicant and the case for assistance with travel. Where travel assistance is agreed, it will normally continue during the agreed course of study until the end of the academic year in which the students 25th birthday occurs. However, travel assistance will be reviewed throughout the course and independent travel encouraged. Please note that there will be no contribution charge for these learners.

### **Application process for SEND students**

All applicants will need to complete an application for travel assistance annually (including returning students) which can be found here: [School travel assistance for Special Educational Needs and/or Disabilities \(SEND\)](#)

**Independent Travel Training Scheme for SEND students**

Somerset Council employs Independent Travel Trainers who work with appropriate students to train them to travel independently. Students are trained in road safety awareness, using money for travel, as well as using contactless payments/apps and safe independent travel. Whilst the student is training, the cost of travel will be covered by the Travel Trainers. If the independent travel training has been successful, the student will be required to pay for their travel on the public bus. Public bus operators offer a range of ticket options, details of which can be found on pages 6 and 7 of this Policy, contact details for the individual operators can be found on pages 20 and 21. Please note refusal to participate in this scheme may result in travel assistance of any type being withdrawn.

**Apprenticeships/Traineeships**

Travel assistance is not provided to students undertaking work placements, apprenticeship or traineeships. In these circumstances, young people are advised to contact their employer or learning provider.

DRAFT

### **When should learners start to apply for Transport support?**

As early as possible, preferably during the Spring or Summer terms prior to their start at college/sixth form/school in the following September. Students applying for a seat on a contracted bus should do so by the end of the summer term to enable capacity requirement to be reviewed and scholar bus tickets to be produced for September, where there is space available. Applicants with learning disabilities and /or other disabilities should refer to the information provided above and apply before 30<sup>th</sup> of June. Late applications may not be processed in time for the start of term.

### **What help is available to learners who need to travel to a course that is beyond the Somerset Local Authority area?**

If the chosen course is unavailable in Somerset, or the 'out of county' college is the nearest college to the student's home that offers that course, then the student should look into the ticket options available on the public service routes. Petrol allowances are available at 18 pence per mile up to a limit of £135.00 per annum for young people living more than three miles from their nearest bus stop to gain access to and from the local bus network, or where there is no public transport available. These allowances are not means tested. Students can request an application form for the petrol allowance via email to [transport@somerset.gov.uk](mailto:transport@somerset.gov.uk) or telephone 0300 123 2224.

### **What help is available for learners who attend a further education institution which is beyond daily travelling distance and they need to lodge away from home?**

Termly travel is offered for eligible students i.e., one journey at the start of term and one journey at the end of term. Additional trips home must be facilitated and funded by parents. Some students who need to live away from home in order to attend the course may apply for a 'Residential Bursary' and should enquire about this at the Further Education institution they will attend.

### **Appeals and Complaints Process – All students**

If a student is not happy with the service, they receive they should contact Transporting Somerset (see the contact details below) and ask for details of the Somerset Council Complaints procedure. If a student wishes to appeal against a decision made by the Council concerning entitlement to transport assistance for students with SEND, then please complete the review form which can be found [here](#).

**TBC** All appeals follow a 2-stage process for reviewing applications.

For all other applications please contact Transporting Somerset who will be able to offer advice and guidance about the review process.

**Information concerning all points of contact for learners seeking transport support (including website addresses).**
