

Pension Fund Committee Scheme of Delegation

Introduction

In order to meet its obligations from time to time the Pension Fund Committee will find it necessary to delegate certain functions to officers. This document provides a clear framework around standard operating functions as to what decisions and operations have been delegated to officers and what has been retained by the Committee.

All references in this document to the Chief Financial Officer means the most senior finance officer and appointed Section 151 Officer of Somerset Council, it does not refer to a job title for that individual. Where committee delegates tasks to the Chief Financial Officer they are then free to assign tasks to other officers at their discretion.

In practice the majority of tasks relating to benefits administration are delegated to Peninsula Pensions, a shared administration team with Devon County Council, and the majority of investment decisions are delegated to the internal Investments team.

When delegating the Chief Financial Officer must ensure that the officers undertaking the delegated tasks have sufficient knowledge and experience to undertake those tasks.

This scheme of delegation will refer in turn to each of the main responsibilities of the Committee as laid out in the Committee's terms of reference.

Ensure the fund is run in line with all relevant law, statutory guidance and industry codes of best practice.

The Chief Financial Officer is responsible for ensuring the legal operation of the fund and will bring matters of significance to the attention of the Committee.

The Chief Financial Officer will make arrangements for the completion of all necessary regulatory documents, statistical returns, tax documents and other documents as appropriate.

Ensure all contributions due are collected from employers.

The Chief Financial Officer will maintain procedures to ensure relevant employers pay contributions and that these contributions meet the requirements set by the fund's actuary.

Where relevant the Chief Financial Officer will decide if interest should be levied for late payment as permitted by the regulations.

Ensure that all benefits due are paid correctly and in a timely manner.

The Chief Financial Officer will maintain procedures to ensure the correct calculation and payment of benefits by the fund.

Decide the aims of the investment policy.

Committee agree the aims of the investment policy and publish this in the form of the funding strategy statement and investment strategy statement having regard to advice provided by officers and advisors as appropriate.

As part of agreeing the strategy the Committee will agree the Fund's strategic asset allocation and the investment mandates necessary to deliver the strategy. The Chief Financial Officer will make all necessary arrangements for the implementation of the agreed strategy.

Make arrangements for managing the fund's investments.

The strategic asset allocation of the fund is set by the Committee. Once agreed by Committee the Chief Financial Officer is responsible for the implementation of the strategy and monitoring of the investment assets against the strategic asset allocation and periodically rebalancing of the fund to optimise the balancing of risk and return. All investment decisions regarding the precise timing and amounts of rebalancing are delegated to the Chief Financial Officer and there are no restrictions placed on this discretion. The Chief Financial Officer will report on all actions in this regard to the Committee at each formal meeting.

The Chief Financial Officer is responsible for the appointment of a global custodian for the fund, the management of this contract and any related investment decisions.

Where the Committee decide that assets will be managed in-house the Chief Financial Officer will make suitable arrangements for these assets in accordance with any guidelines provided by Committee. All investment decisions with respect to in-house managed funds are taken by officers.

The Chief Financial Officer is responsible for the day to day monitoring and recording of the investment assets.

Regularly monitor investment performance.

The Chief Financial Officer will put in place procedures for the calculation and monitoring of investment performance.

The Chief Financial Officer will review the performance of all fund managers and the fund as a whole monthly and officers will meet with external fund managers/the Brunel Pool regularly, typically quarterly, to discuss performance.

The Committee will review the performance of all fund managers and the fund as a whole quarterly.

Make arrangements to publish the fund's annual report and accounts.

The Chief Financial Officer will make arrangements for the production and audit of the fund's annual report and accounts. The Committee will adopt the completed annual report.

Consult stakeholders, and publish the funding strategy statement, investment strategy statement and other policies and documents as necessary.

The Chief Financial Officer will make arrangements for the drafting of all policies and statements and undertake consultations as applicable. The Committee will be responsible for approving all policies and statements after receiving feedback from any consultations undertaken and advice from officers and advisors as appropriate.

Order actuarial valuations to be carried out in line with the Local Government Pension Scheme Regulations.

The Chief Financial Officer will appoint a suitable actuary for the fund and undertake all necessary tasks and discussions with the actuary in order to allow the actuary to complete the valuation.

The Committee will meet with the actuary as they deem appropriate.

Consider requests from organisations who want to join the fund as admitted bodies and consider any requests to change the terms of an existing admission agreement.

The Chief Financial Officer will make all necessary arrangements for the consideration of requests for admitted body status and changes to any existing admission agreements including the negotiation and signing of the necessary admission agreements.

The Committee will receive an update at each formal meeting of all activity in this regard.

Make representations to the Government about any planned changes to the Local Government Pension Scheme and all aspects of managing benefits.

The Committee will instruct the Chief Financial Officer on what it wishes to be included in any representations, which they will then draft and send accordingly.
