Mendip District Council

To whom it may concern,

I'm writing with regards to the notice of application for the "grant" of a "variation of premises license" for the White Hart Hotel, 9 Sadler Street to be able to serve until 1 a.m. in the morning.

Accepting this grant will be detrimental to the lives of the residents in the Gardens. The White Hart Hotel "pub garden" can already be widely heard by the homes behind it - especially when patrons stay on later into the evening and have progressively less noise control.

This is a quiet, peaceful neighborhood with old houses close together - sound echoes and travels, particularly through single-glazed windows.

On behalf of the residents in this area, I hope you take this letter into consideration while reviewing the grant to extend hours.

All the best,
